AJAX JFC

Season 2026

Round 3

U8 - ROCKETS

VS

**Prahran JFC U8 Mixed
ROWBOTTOM**

COACHES CORNER

MATCH REPORT

Ajax vs Prahran What started as an overcast and windy day, the Rockets won the toss and chose to kick with the wind. The Rockets set the tone early with the midfield linking well with the forwards just before the rain came down. The second quarter was an arm wrestle as the rockets executed the game plan perfectly in to the wind. As the rain settled in, the Rockets were showing no signs of slowing down in the third quarter, slamming on multiple goals. The final quarter was much like the second quarter in to the wind - the boys linked well and shared the ball around and finished the game strongly. Very proud coaches in trying conditions. Thank you to all the supporters and volunteers. Look forward to next week!

U8 - STARS

VS

**St Peters U8 Mixed
ROBINSON**

COACHES CORNER

"Tackle hard, look for your teammates!"

MATCH REPORT

Sunday morning at Princess Park... home ground, our turf and the Stars took on St Peters. We finished just before the rain came in. Couldn't have planned it better. The boys were into it from the start. Goals going in, tackles landing, and we had the ball in our half for most of the morning. They pushed hard and it showed. What's been fun to watch is how quickly this group has found each other. They're slowly learning how to read the play, backing their teammates. The sideline had good energy to match with parents and kids both leaving with a smile. See you next week. Go Stars! 🙌

U9 - ROCKETS

VS

E Brighton Vampires U9 Mixed PENNO

COACHES CORNER

**"Each week our team work
gets better and stronger.
Keep up the great work and
keep working on your skills!"**

MATCH REPORT

The U9 Rockets took on East Brighton Vampires in tough conditions this week, with rain making for a slippery and challenging start. Despite the weather, the team showed fantastic resilience and a real commitment to working together from the first bounce to the final siren. Captains Molnar and Weinberg led by example, encouraging their teammates and helping to keep everyone focused and positive. Around the ground, the Rockets showed great teamwork, with players supporting each other, sharing the ball and celebrating the small wins that come from playing as a united group. Through the midfield, Skurnik, Lewski, Chehab, Siegel and Vardi worked tirelessly as a unit. They chased hard, applied pressure and looked to bring their teammates into the game at every opportunity. Their willingness to back each other up and move the ball on quickly was a highlight in difficult conditions. Up forward, Sawicki, Hirsh, Glasberg, Kahn, Hoppe and Appel combined well, applying strong pressure and creating scoring chances. Their teamwork stood out, with players looking to pass and support rather than go it alone, showing great awareness and unselfish play. In defence, Sussman and Katz were rock solid, supported by the efforts of Kramer, Lockshin and Petrichenko, who all played their roles in helping to stop the opposition. The team all contributed strongly around the ground, working hard to support both defence and attack and showing great determination in the wet. Overall, it was a terrific team performance. Every player played their part, encouraged one another and worked together to take on the challenge. The Rockets should be proud of their effort, teamwork and positive spirit throughout the game.

U9 - SHARKS

VS

St Kilda City JFC U9 Mixed CATTERALL

COACHES CORNER

"How do we create pressure?
We tackle!"

MATCH REPORT

After a tough outing last week, the group came back with a real statement performance at home against St Kilda City. The weather wasn't pretty – windy, wet, and challenging conditions for any team – but that made what the boys produced all the more impressive. Sometimes the best responses come off the back of disappointment, and this group showed exactly that kind of character today. The first quarter set the tone for the whole game. Kicking into the wind, the pressure the boys applied was the best we've seen all year – swarming at the ball, working hard in defence, and refusing to give St Kilda City an easy look. It was a gritty, determined quarter that showed real growth and resilience from the group. When we turned and had the wind at our backs, the team capitalised beautifully, piling on the goals and really putting their stamp on the game. What stood out most though, even amid the tough conditions, was the quality of our skills. Clean hands, precise foot skills, and held marks that showed genuine composure – that kind of execution in wet and windy weather is something to be very proud of. It was, without doubt, our best game of the year. This performance is a real marker of how far this group has come. The hunger, the skill, and the collective effort today was outstanding, and every single player should walk away with their head held high. There's so much to build on from today, and if we bring this same energy and intent next week, the sky is the limit. We can't wait – see you out there, Sharks! 🦈

U9 - STARS

VS

**Ormond U9 Mixed
CARDELL**

COACHES CORNER

"Leo Barry you Star"

MATCH REPORT

In wet and very overcast conditions the AJAXU9 Stars played their second home game against Ormond Blues. The Stars started strongly, taking advantage of a strong breeze to kick two first quarter goals. The boys had lots of opportunities and arguably should have had goals more on the scoreboard. In the second quarter, against the wind, the boys stood strong. The Stars played great footy in the 3rd, putting together the skills and tactics developed at training - kick long, play on whenever possible and tackle hard. Despite this, the boys went into the last qtr only 1 goal up, with the Blues coming home in the last with a strong breeze at their backs. Unfortunately the Blues overran the Stars in the last. But again, a much improved effort, and a great opportunity to learn new skills playing in the wet!

U10 GIRLS - JACKETTES

VS

St Kilda City JFC U10 Girls SMITH

COACHES CORNER

MATCH REPORT

Today was a fantastic game from the girls. What started as a gloomy, rainy forecast turned into something special, almost like the clouds parted just in time for the girls to shine, setting up perfect playing conditions. And they made the most of it. The pressure was intense from the first bounce, and the girls were hungry for the ball all game. They never gave up, showing constant effort and working beautifully together as a team. The support for one another was incredible, with girls cheering each other on and coming together after every success. Every goal and every point was celebrated with so much joy, from cartwheels to jumping on each other, capturing the fun and spirit of the team. Our captains led the girls onto the field with determination, setting the tone with their energy and encouraging words. Across the ground, every player played an equally important role. Gestetner and Akkerman set the standard in the midfield with strong pressure and committed tackles, helping drive the ball forward. R. New, Siegel, A. New and Sutton were just as impactful, creating great opportunities with their kicks and winning the ball back through relentless effort. Landau, Goldman, Berkovits, and Fleiszig worked hard to maintain pressure and linked up play with excellent handballs. Mark, Harris, Sochen, and Lanzer were just as crucial, consistently sticking their tackles, providing options, and never dropping their intensity. Kaltmann, Rutman, Rosner, and Wiener matched this effort, applying pressure, creating space, and helping move the ball up the field. It was a true team performance, where every single girl contributed, something they should all be really proud of.

U10 - ROCKETS

VS

East Sandringham Zebbies U10 Mixed WHITAKER

COACHES CORNER

"No matter the conditions,
effort and intent never
change."

MATCH REPORT

In wet, wild and windy conditions, the Ajax U10 Rockets took on the East Sandringham Zebbies and showed they were more than ready to embrace the elements. The Rockets didn't let the conditions get in the way, coming out firing in the opening quarter. The midfield handled the slippery contest expertly, with Krampel and Rynderman using their speed to dominate at ground level, while Tyser and Frid applied strong pressure around the contest. Their work provided great service to Joffe up forward, who was rewarded for his efforts with a goal. When the Zebbies managed forward entries, Snyder and Grosberg stood firm in defence, repelling the attacks. Michaels put the icing on a dominant quarter with a superb snap from 40 metres out. The second term saw the Rockets continue their hard attack on the ball. Co-captain Nudel led by example through the midfield, while Kelman worked hard in the forward line, highlighted by a crucial tackle. Despite multiple forward entries, the scoreboard didn't reflect the control of play. After a brief reprieve from the rain at half time, the Zebbies returned with renewed intent, putting the Rockets under pressure. Jolson was dogged in the midfield, helping stem the momentum before delivering a beautiful kick to co-captain Kaltman, who finished truly with his preferred left. The Rockets finished strongly. Gerber was outstanding through the midfield, while Kaplan's strong tackling put the Zebbies under pressure. Scher was dynamic up forward, and first gamer Polyakov capped off a memorable debut with a strong mark and composed goal. It was a complete team performance, with the Rockets handling the difficult conditions superbly - backing each other up, moving the ball cleanly by hand, and dominating at ground level.

U10 - SHARKS

VS

E Brighton Vampires U10 Mixed OAKES

COACHES CORNER

MATCH REPORT

A beautiful week of sunshine ended about an hour before the Sharks' Round 3 match against East Brighton, with the boys greeted with wind and heavy rain as they arrived at their home ground. But just like their nickname, the Sharks seemed to thrive in the wet conditions, starting positively with the aid of the breeze to dominate proceedings in the first quarter. Freilich and Fried were dangerous up forward and put away their chances, ably assisted by excellent forward pressure provided by Frydenberg and Noah Binstock, while in the midfield Silman's intensity and tackling efforts were inspirational and Jankie and Marcus found plenty of the ball. The second quarter against the wind was a reverse of the first quarter, with the Vampires taking control of the game. Wajzman and Snow limited the damage with strong defence while Wibawa and co-captain Gomo were typically courageous with their efforts and work rate. The second half was a more even, scrappy affair as the conditions deteriorated and ball handling became difficult. But the Sharks battled on and did not take a backward step, putting their bodies on the line and giving everything they had. Josh Binstock and Barber continued to present as options and were involved, while Kolliner took a lovely mark across half forward by playing in front of his man. Co-captain Gestetner provided some drive from defence with some nice clearing kicks and Kirschenbaum had an influence with his positioning both ahead of and behind the ball. Benkel's strong defensive efforts in midfield were important in the second half and Lipp showed a touch of class with his ball handling and composure in the tough conditions. Unfortunately Segal had to come off with an injured wrist in the third quarter after a dominant opening term but he supported from the sidelines in the driving rain. All in all it was an effort that really pleased the coaches as the boys left nothing in the tank - the absence of chatter in the change rooms post-game evidence of the boys having nothing more to give!

HUDGHTON

COACHES: WILL FEUTRILL, MICHAEL LIPSON, JASON BLANKFIELD

U10 - STARS

VS

Beaumaris U10 Mixed
GREAT WHITES

COACHES CORNER

"Effort is a choice. Give your best every time."

MATCH REPORT

It was a character-building Sunday at East Caulfield as the Stars met a polished Beaumaris. The boys walked away with some "tough love" football lessons that will serve them well for the rest of the season. Missing round 2 hero Lipson due to illness, the Stars knew they'd all need to lift. Beaumaris started with high intensity, dominating the midfield and keeping our defenders working overtime. Despite a barrage of inside 50s, the backline stood tall under immense pressure. Dreyfus was a pillar of toughness and composure. Chaiton read the play well for several intercept marks. Lewis and A. Goldberg provided relentless defensive pressure. Rubinstein provided the highlight of the half with a bone-crunching tackle that sparked the crowd. In the engine room, Sahar and skipper J. Goldberg worked tirelessly, with Grynberg providing some nice link-up play. C. Goldberg shouldered the ruck duties, proving to be an imposing physical presence against tall opposition. The Stars emerged from halftime with a renewed focus, squaring the ledger in the midfield battle. Schwartz took over the ruck mantle with great success, becoming a vital target through the corridor. Klinger was everywhere, while Feutrill showed bravery and craft. Korbl was a warrior in the clinches, digging deep to win the hard ball. Defensively, the screws tightened. E. Goldberg was handed the "lockdown" role on the opposition's most dangerous player - a task he executed exceptionally. He was well-supported by Joseph, who stuck to his structures, and Perlman, whose positioning allowed him to repeatedly intercept and repel Beaumaris' attacks. At the final change, the boys were challenged to lift. They responded with their best football of the day. The intensity rose and the Stars finally started getting rewarded with repeat entries into the forward 50. Spektor worked hard to present as an option and when his shot on goal fell just short, Blankfield was there for the crumb. He gathered, shrugged off a tackler and snapped a classy goal. Shortly after, Siton brought the house down. After clunking a strong mark on the boundary, he flushed a drop punt through the middle for the Goal of the Day. It would have been easy to throw in the towel when the momentum was against them, but this group showed they have the "Stars" DNA - they fight to the end. This game proved we can match it with the best when we bring consistency of effort from each and every player. Bring on next week!

MATCH REPORT

After two top quality games to start the season, the Rockets were looking forward to challenging themselves in division 1 for the first time. After all, we'd earned it. Kicking against a stiff breeze, the first quarter was much more even than the 5 goal margin suggested. The mids kept halving contests, using chains of handballs to move the ball forward and hit up the half forward line. Captain Golshtein was everywhere, helping out the backs while preventing the Sharks from breaking out the front of contest. The second was a much more even quarter, with the Rockets winning territory and contest. Unfortunately we weren't able to capitalise, though as the coaches commented at half time, there was no questioning the commitment. As has been the case all year, captain #2 Newstadt was a constant threat up forward and looked our most likely to score a goal. A couple of snaps went close and where he wasn't scoring, his defensive efforts kept the ball in our half. Our endeavour didn't flag in the third and but for a couple of over the back goals, would have been a pretty even contest. Captain #3 Leigh was back on half back, blocking (almost) everything that came his way and took a couple of goal saving marks to help out the team. We were hoping to get our first goal in the final quarter, and sure deserved one after coming close on several occasions. However it wasn't to be and while we felt a lopsided scoreboard didn't quite tell the true story of the closeness of the game, it also gave our Rockets a good insight into the hard work it will take to compete with the best teams in the age group.

MATCH REPORT

In wet and windy conditions, the Sharks took on old rivals and top of the table Ormond at EE Gunn Reserve. After rallying speeches from captains Finn Solomon and Blakey Frey, the boys took to the pitch with one message. Contest, contest, contest. And contest they did. Tackling was fierce, pressure at ground level and in the air was high, and the boys really took the game to Ormond. Whilst the home team gained the ascendancy early, the Sharks worked their way back in to the game, with a blistering third quarter showing glimpses of what they're capable of. Jackson Lamm and Parker Majman worked tirelessly in the middle, their work-rate and link-up play exemplary. Tom Golshevsky and Eden Ramler played solidly off the half back line, intercepting and rebounding, setting up play after play. Ruckmen Ari Carroll and Eden Holcdorf both dominated the tap-work and covered a lot of ground, providing much needed pressure around the ball. While we didn't get the chocolates this round, it was a much needed improvement on what we've seen so far. Keep moving up boys.

MATCH REPORT

If Round 1 was a lesson and Round 2 was about effort... Round 3 was about heart. The Stars returned to Caulfield East - once again our "home away from home" - but this time under conditions that can only be described as... biblical. It didn't just rain. It poured. Sideways at times. The kind of weather where the footy turns into a bar of soap and parents start questioning their life choice as they huddled under the small shelter. To their credit, the Stars came out hard. Early pressure was excellent, but the scoreboard told a frustrating story - four behinds to one point in the opening term. Plenty of opportunity, just not the finishing touch. The second quarter was one of those footy mysteries. The Stars continued to compete, but the Vampires made every chance count, kicking 3 straight goals to the Stars' 3 points. Efficient, clinical... and slightly annoying. At halftime, there was no need for a spray. The rain had already delivered it. Led superbly by captains Arlo Ezekiel and Levi Friedman, who worked tirelessly up and down their wings all day, the Stars lifted again in the second half. Their running, chasing and pressure set the tone. The reward came in the third quarter, with the Stars kicking a crucial goal to close the gap to just four points at three-quarter time. Game on. The final term was a genuine arm wrestle. The Stars pushed, pressed, and attacked with intent, but the kicking boots were unfortunately left somewhere back in the dry. Chances came... but didn't quite convert. Yes. More scoring shots. Just not the result. But make no mistake - this was the Stars' best game of the season so far. The tackling was fierce. The effort was relentless. And the belief is growing. We're improving. And it's coming. Go Stars

MATCH REPORT

Footy's a winter sport and being May we might be deep in Autumn, but thankfully we had Summer on the field. With an 8.30am kick off it was dark, there was no Sunshine (she had her brother's 18th Bday), there was wind, there was rain, but there was no Snow (as she was still recovering from the Horrah given it was her Bat-Mitzvah the night before). Coming off a dominant Round 2 victory, the girls were keen to keep the positive momentum building. The theme for the game was to share the footy. Kick it to a teammate who had never marked it before. Give it to a teammate who had never kicked a goal before. High five a teammate who successfully executed their first tackle. Pleasingly the girls delivered in spades. One only needs to look to the record book to see we had nine individual goalkickers. The girls ran hard for each other all day. Somewhat surprisingly the only person who ran harder was D Susman who charged onto the field when his daughter Isabel kicked her first career goal. He may be late 40s, but for a split second he cartwheeled and high fived like a teenage girl. But even better than that, we had 16 different goal assists. It's the 1 percenters which please us the most. Sunday 3 May 2026 was International World Laughter Day. And despite being saturated and drenched, these 16 Jackettes lived up to the day, as when the final siren sounded, it was our girls who could be seen smiling and laughing as they trotted off the field. Well done, girls – let's keep smiling.

MATCH REPORT

After the first two rounds of cricket-like conditions, we well and truly got our first experience of wintry conditions for season 2026. The Falcons headed down Carlisle St to the former AJAX ground Peanut Farm Reserve to take on the in-form St.Kilda City. Taking our team ethos of being hard to play against, our first quarter could not have been more like what the coaches asked for: tackling, hard chasing, repeat effort and contest, and we got our rewards. Terms two and three the better St.K players rose to the occasion, the Falcons lost a bit of structure, and we were outscored both into and with the wind. Back to basics in the final quarter with relentless effort, we managed to square the quarter and match it with the strong opposition. Hunter Buch played an absolutely outstanding game repelling everything that came his way. Sutton continued his enormous improvement to be one of the team's most reliable defenders and on-ballers, and Morley was his usual best with overhead marking and relentless head over the ball we've come to know from him. A special mention also to the team's 50 gamers who tried all day in Kotlyar and Krawitz.

MATCH REPORT

The Ajax U12 Jets delivered a spirited performance to defeat Beaumaris at East Caulfield Reserve, overcoming challenging conditions and a determined opponent. With the rain clearing just before the first bounce, the Jets emerged from the changerooms energised—fired up by some classic house music and rallying around the milestone of Azoulay’s 50th game, a testament to his commitment over the years. The opening quarter was a tight arm wrestle, with Beaumaris striking early. The Jets responded through composed finishes from Dickman and Slade-Jacobson, ensuring the sides were evenly matched at quarter time. In the second term, the Jets began to gain ascendancy. Sloane’s dominance in the ruck, particularly his precise tap work at centre bounces, gave the midfield first use. He capped it off with a clever pack goal early in the quarter. Davidson followed with a long-range bomb, while Simcha showcased his pace with a trademark running goal, helping the Jets build a valuable lead. The third quarter tested both teams, especially with the Jets kicking into the wind. A standout moment came through sharp intuition between Runner Davis and Centre Half Forward Davis, who read the conditions perfectly to take a strong mark in the goal square and convert, extending the margin. Despite an early last-quarter error with a wayward kick from Davis, the Jets remained composed. Strong pack goals from Chester and Mac sealed the result, with an even team contribution underpinning a well-earned victory.

MATCH REPORT

The Comets suffered their first loss of the season, going down to South Melbourne by 4 points in a nail-biting contest. Heavy Sunday morning rain made for very tough and trying conditions, which resulted in a super competitive game of contested footy across all four quarters, with neither side taking a backward step. Despite controlling possession for extended periods, the Comets were unable to capitalise on the scoreboard. In contrast, South Melbourne made the most of their inside 50 entries, kicking a couple of crucial goals against the run of play, which ultimately proved the difference. Our skipper Raleigh led from the front, looking right at home in the wet with a dominant four-quarter performance. Stub had his best game of the season across half-back, with his intercepting play a standout. Jankie provided a presence up forward and looked dangerous every time he got the ball. Samowitz also competed hard in the forward line and showed great courage at the contest. Onas battled manfully in the ruck all day against a physically imposing opponent, while Gelbart's second and third efforts deep in defence helped stop a couple of goals. White started to get his hands on the footy which was great to see, while Granek played a disciplined game down back and provided some great drive out of defence with his long kicking.

MATCH REPORT

The Under-13 Jets faced a tough challenge yesterday against Murrumbeena in wet and difficult conditions. Despite the result not going our way, there were plenty of positives to take out of the game. The team showed great determination throughout the match and worked hard to move the ball from the backline into attack. Our transition play was a real highlight, with players linking up well and creating several opportunities going forward. Once the ball entered our forward line, the pressure and effort to keep it locked in was outstanding and gave us multiple chances to score. While there were many strong moments, there are also areas we can continue to improve on as a team. At times, our defensive running dropped away, and we became too focused on the ball instead of staying accountable to our direct opponents. Improving this area will help us become harder to score against and stronger across the ground. Overall, it was a hard-fought game in challenging conditions, and the effort from the group never wavered. There is plenty to build on moving forward, and the team should be proud of the way they competed all day.

MATCH REPORT

The Falcons travelled to Hampton to take on the reigning Div 4 Premiers and while we didn't get the win, we take a lot of positives out of the game. Despite kicking with a strong wind in the first quarter, we were slow out of the blocks and conceded a few early goals. However, to the boys' credit, they showed enormous character to fight back with a couple of goals of our own to keep within striking distance. Scoring against the wind in the second quarter was always going to be difficult, but our ability to stand up under enormous pressure and restrict the opposition scoring was pleasing. The chasing and tackling was a highlight, with Micah, Judah, Benji and Toby leading the way. Back with the wind in the third quarter, we were able to hit the scoreboard again through Avi and Hayden and give ourselves a real chance to overrun Hampton in the last quarter. Unfortunately, the task proved too difficult in the end and we conceded a few late goals in junk time. Aside from the first and last five minutes of the game, it was a fairly even contest. While we always want to win, the fact that we were able to take it up to a quality team, find avenues to goal and defend strongly through sheer determination means we walk away proud of our effort and confident that this loss will help us improve. We continue to tinker with the team to find the right balance and Menachem and Kivi showed great versatility today that will hold us in good stead later in the season. Well done on a great effort and bring on next week! Go Falcons!

MATCH REPORT

On a wet day at Princes Park, the AJAX Comets took on the Malvern Knights in a spirited contest. The Knights came out firing early with two quick goals, but our backline stood tall under pressure. Levi Teperman, Samuel Zamel and Gabriel Ben David competed strongly in the air against their bigger opponents, holding firm and giving us a chance to reset. The second quarter turned into a real arm wrestle, with neither side able to hit the scoreboard. Ness Page was outstanding in the ruck, giving our midfield first use, while Blake Carew, Jagger Jolson, Miller Janover and Zach Bude attacked every contest with intent. Shua Szental and Sam Schwartz worked tirelessly up and down the ground, setting the tone with their effort. The third quarter sparked the game to life. Carew was everywhere, and Benji Norton set him up for a well-earned goal. Charlie Burman showed great toughness in defence, while Jake Davis lit up the ground just before the end of the 3rd quarter with an unbelievable goal that had the crowd buzzing. In the final term, the Comets kept fighting hard. Jake added another classy goal, and the midfield's relentless effort never dropped. Despite going down by 27 points, the boys showed resilience and pride, battling it out to the final siren against a top 4 side from Div 1 last year. Go Jackas!

MATCH REPORT

Tough, scrappy win from the Falcons in a really wet and scrappy game. The Falcons were a bit off early, struggling to score and took some time to adjust to the conditions, with the ball slippery and the game pretty messy. Credit to the group though, they lifted in the second quarter, started to win more of the contest, and from there were able to get on top and control the game for the most part. It was never going to be pretty, low scoring and a real grind all day, but we adapted well as it went on. We simplified things, played the conditions better, and kept finding a way to move the ball forward and create enough chances. Big credit to the team's fight. We were down on numbers and up against the elements, but the effort never dropped. Everyone stuck at it, worked for each other, and got the job done in tough conditions.

MATCH REPORT

Round 3 presented another extremely difficult challenge for the Jets, going against the reigning Division 4 premiers, Murrumbeena. With a break in the rain, the match seemed full of optimism however the opposition got off to a very strong start and put together a half time lead that put the result beyond doubt very early. Despite the trying conditions, Elijah played an excellent game and dominated through the middle before a nasty injury just before 3qt. Max Raleigh was excellent again trying hard for 4 quarters, with Elai and Judah being strong competitors in the backline. The Jets are still seeing improvements despite the scoreline, and look forward to our next challenge.

MATCH REPORT

The Under 15 Comets produced a remarkable turnaround against Hampton Rovers, overcoming an early challenge to record an impressive win. Hampton came out firing, kicking four goals in the opening quarter. From that point on, however, the Comets took control of the game, holding Hampton scoreless until the final term while piling on around 14 unanswered goals of their own. The performance featured some outstanding passages of play and high-quality finishing. Teamwork was once again a standout, with newly appointed captain Noah Blustein leading from the front when it mattered most. Hayden Kave was excellent in the contest and used the ball well, while small forward Ber Vorchheimer applied relentless pressure. Charlie Szwider delivered one of his best games, combining a strong attack on the ball with classy skills. The backline also stood firm as a unit, providing a solid foundation for the team's dominance. A terrific response and a great example of the group's resilience and cohesion.

MATCH REPORT

An 8am first game is never the easiest way to start the day, but the girls handled it really well and set the tone for a strong performance. There was a great sense of effort from the outset, even as everyone found their rhythm early in the morning. It was also a special day for Chaya, bringing up her 50th game - fantastic milestone and a reflection of her commitment. The group got around her and making it an occasion to remember. With a few injuries throughout the game, several players stepped up into positions they don't usually play, and they embraced the challenge with a really positive attitude. It was great to see their willingness to adapt and support each other, and it added to the overall team effort. What was most pleasing was how the team improved as the game went on. Each quarter built on the last, with better connection, stronger communication, and growing confidence across the field. By the final quarter, the girls were playing with real flow and purpose, showing how quickly they can adjust and lift together. Overall, it was a really good game and a great team performance. The effort, flexibility, and positive mindset were outstanding, and it was fantastic to see everyone contribute. Plenty of encouraging signs and a strong foundation to build on moving forward. Let's keep it up girls!

MATCH REPORT

Weather report came to fruition and the rain stayed away. Everyone seemed switched on pre game and energy levels were high. Unfortunately we were not up to it today and were outplayed around the ground. We were too loose and must stay on our man and be accountable. Nate led the team with crunching tackles, and with Harley continued with positive messages throughout. Nadav and Isaiah both playing more time in the midfield were competitive against a big opposition. The backline who were under pressure all day showed in the second half that they can match it with anyone. We have a lot to work on and we will be back better and stronger. See you Wednesday

MATCH REPORT

The 16 Comets put in a strong overall performance against Ormond. We had a focus on ball movement during the week and coming into the game which was thrown a little bit by the rain hitting before the game. We put in a strong first half of wet-weather footy with our midfielders being very strong in the contest. The game dried up in the second half and we were able to move the ball from the backline effectively and see some reward on the scoreboard. There were strong performers across the board - too many to individualise! A special mention to Jack Barnett who was playing his first game in over 700 days. It was great to have him out there and Jack's goal was undoubtedly our highlight of the day which was well-celebrated by the entire team. Overall a very solid team performance and we look forward to building from here.

MATCH REPORT

Coming off a bye in round 2, we went into the week knowing we have 2 more games of grading to experiment with lineup changes and see what works best. We shuffled our forward line and continued to try new players in the ruck to cover ourselves while Jordan Ritterman recovers from a broken finger. Unfortunately, we got jumped early with Ormond enjoying a strong first-quarter wind before the rain came in. Our defenders worked extremely hard and held up, limiting Ormond to just 3 goals while having the wind. In the 2nd quarter, we had a dominant period trapping it up forward for 75% of the quarter. Unfortunately, we let ourselves down and couldn't convert, leaving us with work to do after halftime. The tackling pressure was off the charts today. Eyal Berry, Zac Linnow, Hugo Kolliner and Omer Getz each won themselves holding the ball free kicks multiple times during the game. In the second half, we composed ourselves, getting it to within 2 goals with 10 minutes left in the 4th quarter, primarily bolstered by goals from Zac Feldman, Toby Vogel and Asher Widmonte kicking 2, including a great soccer goal in the wet. Despite incredibly poor conditions, the boys fought all day long and can hold their heads high knowing that the system is slowly beginning to work. Our kickouts were excellent and much improved from the first round, along with our desire to handball working more often than not. The ball movement continues to get better, and as a team, we know that fine-tuning it further will only lead to better results. Finally, a shoutout needs to be given to Aaron Raymon. He has been forced into the ruck with Jordan Ritterman injured and has taken it on without complaints. Today, he started the 4th quarter on the bench with the original idea being to get him back on for the final 10 minutes of the game, however with Jaxon playing incredibly well in the ruck, he chose to sacrifice his personal game and stay on the bench for the betterment of the team while they were on a run. A true team first mentality that cannot go unnoticed.

MATCH REPORT

The Ajax u17.5 Jets travelled down to Dingley to play against Mordiallic Braeside for the third round of the grading period. Leading into the game, the weather was sub-optimal, with a big wind and lots of rain on the forecast, the boys mindset had to shift to a physical battle at the contest and owning the forward territory. In a tough day out, with the scoreboard not reflecting the efforts provided by the boys, the Jets came off second best after a 53 point loss to Mordiallic Braeside. The day was a true test of character and leadership in the difficult conditions, and everything that we have been working on is still heading in the right direction, but another good game of footy to prepare us for the following weeks to come and where the group needs to work on.

MATCH REPORT

Despite difficult wet conditions and several players lining up out of position, our boys produced a dominant four quarter performance to defeat Beaumaris by 100+ points. From the opening bounce, we controlled the contest with relentless pressure around the ball and clean ball movement despite the slippery conditions. With rain making marking difficult and rotations forcing players into unfamiliar roles, the side adapted brilliantly and continued to surge forward throughout the day, with a big focus on uncontested footy. The midfield worked tirelessly to win contested possessions and the work rate of all players who rotated through there was noticeable. Up forward, Lucas Hyams and Asher Rose were unstoppable, each finishing with five goals. Lucas' aerial work was superb while Asher's ground ball crumbing was superb for someone used to playing in defence, which shows just how flexible this team is. Another standout was Archie Kalb, who played his best game for the club so far while spending more time up the ground. Despite tricky conditions and players in unfavourable positions, the boys still managed to put together another 4 quarter performance which is super impressive.

MATCH REPORT

Followed by the Yom Hashoah Commemoration, it was a heated and contested start to a rainy and windy game. For the first time this season, we challenged in the middle. Especially in the first quarter where we struggled to win clearance and move the ball efficiently from our D50 to F50. Some huge marks from A.Norskin up forward gave some presence and danger up front, allowing smalls A.Kave, D.Arrow, N.Goldberg and O.Cherny to get onto the board early. The boys fired back with a massive 2nd quarter, slotting through 4.3 to East Sandy's 0.0. Giving us a comfortable 36 point lead at half time. East Sandy came out firing in the 2nd half, being relentless with their pressure and run, getting extra numbers at contest to play surge footy. It remained an even game from there, with both sides kicking goal for goal. Some individual brilliance down back from G.Tempelhof and M.Oliver, kept us composed with the boys able to hold on by 34 points. Lots of positives but mostly learnings in what should be a competitive must-see outing next week!

MATCH REPORT

The Ajax U18 Jackettes ran out for their first hit out on Princess Park - a prime time match with serious energy - the buzz was there from the first bounce. Playing at home on Yom Hashoa added extra meaning, and the girls represented their community with pride and unity. The conditions were tough: raining, slippery and wet, but the Jackettes embraced it. Their ability to keep driving the ball forward was outstanding, and they got reward for effort with repeat entries and pressure. The elite tackle pressure was incredible, getting right in the opposition's heads and forcing mistakes. Around the contest, the girls linked up with strong handball chains, showing composure in difficult conditions. Our experience shined bright on the field including our consistent leaders setting the tone all game with their effort and intensity. Most importantly, it was a four-quarter performance: relentless pressure, hard work, and a team-first effort right to the final siren. Each and every girl who pulling on the AJAX jersey in that match should be holding their heads high and be incredibly proud of themselves and their teammates. We are excited to see what the girls produce for the rest of the season as the bar is definitely high.
