AJAX JFC

Season 2026

Round 8

LITTLE SAINTS BALDOCK

COACHES: GARY BLIEDEN, NICK MARKS

U8 - ROCKETS

VS

**East Sandringham
Zebras U8 Mixed
HEWITT**

COACHES CORNER

"A great effort all round -
Keep working hard and
improving!"

MATCH REPORT

It was a beautiful morning for footy and the boys were up and about early. The first quarter started well as the midfielders built a solid wall that the Zebras could not get past. However the Zebras lifted in the second quarter and it took our midfielders and defenders a little while to respond to the repeat inside 50's. At half time we reset and focused on what we do well - pressure and sharing the ball around. The boys responded to the instructions in the third quarter, the defenders were tight and didn't give them an inch, the midfielders got to the ball first and moved it forward efficiently. It was great to see some reward on the scoreboard. In the last quarter the boys continued to play well all together and it was great to see significant improvement from a lot of the boys. A great effort all round.

U8 - SHARKS

VS

**Beaumaris U8 Mixed
GREAT WHITES**

COACHES CORNER

MATCH REPORT

Round 8 against Beaumaris was a terrific team performance from the Ajax Sharks, with the boys putting together a strong four-quarter effort full of energy, teamwork, and great sportsmanship. The Sharks played some excellent football throughout the day, moving the ball well and creating plenty of opportunities. It was fantastic to see the goals shared around, with 6 different goal scorers hitting the scoreboard. This continues to highlight the unselfish nature of the team and the willingness of the boys to involve their teammates. A unique challenge on the day was that Beaumaris did not have enough players to field a full team. As a result, a number of Sharks players rotated through to help out the opposition throughout the match. While the football was excellent, what made the coaches most proud was the attitude shown by the boys who volunteered to play for the other side. Without any fuss or hesitation, they embraced the opportunity, showed great flexibility, and helped ensure the game could be enjoyed by everyone involved. It was a great performance both on and off the field, and the coaches couldn't be prouder of the way the boys represented the Sharks.

TYSHING**

COACHES CORNER

"Run like Rabbits! Don't get caught running a straight line."

MATCH REPORT

The Ajax U9s travelled to Albert Park on Sunday morning to take on South Melbourne, and if there really is such a thing as footy aura, the boys certainly found some. Playing so close to our senior club's home ground seemed to inspire the team, who produced a terrific display of effort, teamwork and determination. From the opening bounce, captains Lewski and Siegel were outstanding. Both boys led from the front, attacking every contest with purpose and setting the standard for their teammates. Their energy and leadership gave Ajax plenty of drive early and helped the team settle into the game. Across the ground, every player found a way to contribute. Appel worked hard whenever the ball came his way, while Chehab showed great commitment and never stopped competing. Glasberg continued to impress with his willingness to get involved in every contest, and Hoppe brought plenty of enthusiasm and effort throughout the morning. Kahn and Katz both worked tirelessly for the team, helping move the ball forward and supporting their teammates whenever needed. Kramer showed excellent determination around the contest, while Lockshin's persistence and work rate ensured South Melbourne were never given an easy possession. Molnar and Petrichenko both had important moments during the game, demonstrating growing confidence and strong football instincts. Sawicki Hirsh was involved in several passages of play and continued to battle hard from start to finish. Skurnik and Sussman both contributed strongly with their willingness to chase, tackle and pressure the opposition, while Vardi displayed great team-first football and was always prepared to put in the extra effort for his teammates. Harel and Smorgon also played important roles, bringing energy and enthusiasm to the team and helping maintain the strong spirit that Ajax showed all day. While South Melbourne provided a strong challenge, the Ajax boys never stopped competing. The coaches were particularly pleased with the way the team encouraged one another, celebrated each other's successes and played as a united group. Most importantly, the boys represented the club with great sportsmanship and pride. It was a fantastic morning of football at Albert Park and another step forward for this developing group. If the atmosphere of being near our senior home ground rubbed off on the boys, then Ajax supporters will be hoping for plenty more performances like this one throughout the season. Well done to all the boys on a terrific team effort.

U9 - SHARKS

VS

**Ormond U9 Mixed
CARDELL**

COACHES CORNER

MATCH REPORT

The Sharks made the trip down to EE Gunn Reserve to take on Ormond Blue, and delivered yet another performance that continues to raise the bar. This group simply refuses to stand still – every single week there is something new to point to, something sharper, something better. Today was no different, and it was a genuine pleasure to be a part of it. The tackling pressure reached its highest point of the season – and given the standard this team has already set, that is saying something. The clearance work was tight and tough, with the boys winning contested ball through sheer determination and effort. But it wasn't just the hard stuff that impressed – the skill on display was elite. The way the Sharks used the ball from kick-ins around the boundary was a cut above, showing a maturity and composure well beyond their years. What stood out as much as anything today was the teamwork. Every time a teammate did something good on the ground, the whole group got around them – celebrating together, lifting each other, playing for one another. That kind of culture doesn't happen by accident, and it is one of the most exciting things about this group to watch develop. The Sharks are playing a ripping brand of footy right now – exciting, skilful, hard-nosed, and full of heart. It's fun to watch, it's fun to coach, and we hope with everything we've got that it's just as fun to play. Long may it continue. See you next week, Sharks! 🦈

U9 - STARS

VS

**Beaumaris U9 Mixed
GREAT WHITES**

COACHES CORNER

"Next time someone asks if they can move positions they will move to the bench!"

MATCH REPORT

The AJAX Stars returned to their home ground yesterday to face a Beaumaris Sharks outfit that proved too good across the park. The Sharks were too tall, too strong, and too quick all day, putting together an overwhelming performance to run out comfortable winners. While the result didn't go their way, there were genuine bright spots for the Stars. The boys strung together a number of slick end-to-end transitions, moving the ball from defence to attack with real purpose and showing clear improvement in their ball movement and skills. Those passages of play were a reward for the work the group has been putting in. A tough day at the office, but plenty to build on. The improved transition play is a great sign — onwards to next week, Stars.

U10 GIRLS - JACKETTES

VS

St Kilda City JFC U10 Girls SMITH

COACHES CORNER

MATCH REPORT

The girls ran onto the field filled with determination, energy, and big smiles on their faces, ready to give it their all as a team. From the very first bounce, they started strong, taking charge of the game, laying strong tackles, supporting one another, and communicating brilliantly across the field. As the game progressed, the girls continued to fight hard, showing incredible perseverance and never giving up. They kept running, chasing, and putting in effort right until the final siren. Every player played their role, with tackles after tackles, strong marks, great handpasses, and smart play following some fantastic kicks. What stood out most was the way the girls celebrated each other's wins. They cheered each other on, encouraged their teammates, and showed what true team spirit looks like. Every contest, every effort, and every moment on the field showed their commitment and love for the game. The girls finished the game with big smiles, proud of the effort they put in together. The girls should be incredibly proud of the way they continue to grow each week. Their commitment, teamwork, and love for the game are clear to see, and it's fantastic watching their confidence and skills continue to develop.

U10 - ROCKETS

VS

**Hampton Rovers U10
Mixed GREEN**

COACHES CORNER

"Teamwork wins games"

MATCH REPORT

On a sunny winter's morning, the Ajax U10 Rockets took on the Hampton Rovers looking to bounce back after a couple of lean weeks. From the opening bounce, it was clear they had arrived ready to play. Stirring pre-game speeches from co-captains Kelman and Joffe set the tone. Joffe was determined to make an impact, ducking and weaving through traffic, providing excellent service to his fellow forwards before being rewarded with a well-deserved goal of his own. Kelman led by example with his strong work at the contest and willingness to take on the ruck duties. Thanks to a dominant opening term from Weinberg and Kaltman in the midfield, the ball was locked in the Rockets' attacking half. Nudel capitalised with a lovely goal, while Michaels kicked the first of several brilliant goals for the day. The momentum continued in the second quarter. Krampel slotted a couple of classy goals, while New and Tyser looked dangerous up forward at every opportunity. Whenever the Rovers attempted to move the ball forward, Kaplan worked hard in defence to shut down their attacks. The Rockets maintained their energy after half time. Mittelman took on three Rovers with some superb ground-level work, while Grosberg looked more ballerina than footballer, pirouetting around his opponent before finishing with a graceful goal. Jolson worked hard all game, applying ferocious tackles, while Scher's second efforts repeatedly kept the ball moving in the Rockets' favour. Gerber and Frid controlled the midfield, ensuring the Rockets maintained their ascendancy. It was a dominant four-quarter performance built on teamwork and unselfish play. The Rockets linked together with a sophisticated handball game well beyond their years, backing each other up at every opportunity. The team song was sung with plenty of gusto.

HARVEY

COACHES: JOSH FRYDENBERG, MARK BENKEL, ELIOT SILMAN

U10 - SHARKS

VS

**E Brighton Vampires
U10 Mixed FAST**

COACHES CORNER

**"Multiple efforts win the
footy!"**

MATCH REPORT

On a clear but wet Sunday morning, the U10 Sharks took on East Brighton at home, led by captain Snow. East Brighton came out strongly in the first quarter, bringing high intensity and relentless pressure from the outset. Segal and Wajsman stood tall down back, spoiling, marking strongly and finding options through the middle. Wibawa and Snow put in multiple efforts all day, chasing, tackling hard and giving their all to win the contested ball, while Lipp battled in the ruck, handballed well and worked tirelessly around the contest. Silman and Frydenberg tackled hard and applied pressure at the contest, while Gomo and Benkel battled hard to help drive the ball forward, marking and kicking well to teammates. Jankie's intercept marking was excellent as he helped move the ball forward in the wet. East Brighton defended strongly and turned every possession into a contest, but the efforts of Bechler, Barber and Freilich around the ball gave the Sharks plenty of bite. Fried worked hard all day, setting up teammates, taking some brilliant grabs and kicking a fantastic long goal. The Binstocks and Kolliner also looked dangerous up forward, while Brand's attack on the footy earned valuable possessions and created opportunities in attack. A tough and physical game, but the boys fought hard. Plenty of improvement is showing each week, and there is lots to build on moving forward.

HUDGHTON

COACHES: WILL FEUTRILL, MICHAEL LIPSON, JASON BLANKFIELD

U10 - STARS

VS

**Beaumaris U10 Mixed
GREAT WHITES**

COACHES CORNER

""Whats Important Next""

MATCH REPORT

A gorgeous, sunny winter Sunday morning welcomed the Stars for a Round 9 rematch in Beaumaris. Inspired by the great Neale Daniher's messages of "What's Important Next" and "Play on", E. Goldberg, Lipson, Lewis and Joseph bought the heat early, setting the tone for the Stars. In a tightly contested affair, Feutrill's attack on the footy and fierce competitiveness, together with Rubinstein's run and dare, and the pressure and support of co-captain Gynberg down back, repeatedly drove the ball back into the Stars' forward half. Up forward, A. Goldberg, C. Golberg and Spektor held their positions deep and provided important contests. Combined with the class and composure of Perlman and Chaiton, helped lock the ball in our attacking half and ensured the Stars maintained the territorial advantage throughout the first half. The second half developed into a truly enthralling contest and showcased some outstanding Under 10 football. Dreyfus' move to the forward line paid immediate dividends as he pounced on a loose ball and slotted a goal, lifting the Stars' spirits and energy. Down back, Klinger was back to his intercepting best and was well supported by the ever-reliable Schwartz, who never wavered and kept to his task all day. But the highlight of the match came through a second-half midfield masterclass. Korbl was enormous playing just behind the ball, while the attack on the contest from Siton - who was dominant all day and Sahar was exceptional. Complemented by co-captain Blankfield's run and carry, it rounded out an outstanding team performance from the Stars!

MATCH REPORT

Good teams find a way. Even when they're not playing their best. And in the showdown between Beauy and the Rockets, that 'way' was all about pressure. Relentless pressure.A game full of stoppages required 4 quarters of grit, hard run, contest work and tackling. That's exactly what we did today and in hindsight, even though it was a bit frustrating to watch, coaches and parents should be really proud of the game.The backline was a clear standout today, with Lipshutz and Israel selflessly holding down key position spots for most of the game and keeping the league's leading goalscorer goalless for the game. They were ably assisted by a bevy of contributors, from Leigh, Ben-Zur, Adelist, Krawitz and Zuch rotating through the backline and managed to hold the Sharks collectively to just three goals for the game, despite the sunny conditions.Up forward, Captain Golshtein spent three quarters as a strong leading target and dobbed one himself in the third. Kamien was also a strong target, pinning the ball in the forward line where he didn't mark it himself.The mids were ably led by our second captain, Grosman who 'found his voice' and was relentless with his pressure and contest all day. Borowski's break away from stoppage and 2 goals were a point of difference for the team and Weinberg's reading of the ball was exceptional. Overall, a really strong performance, against strong opposition and a well deserved 'W'.

HOLCDORF, EDEN

LAMM, JACKSON

MAJMAN, PARKER

RAMLER, EDEN

MATCH REPORT

It was a tough day at the office for the Sharks against Waverley Hawks. Playing on the expansive Wellington Reserve in slippery conditions was always going to be a difficult task, and on Sunday we were simply not up to it. Our mids battled hard but were consistently second to the ball, the Hawks managing to dominate centre clearances. In defence we were leaky, seemingly always finding ourselves outnumbered and outgunned. When we were able to link up through the middle we looked dangerous but unfortunately those runs were few and far between. Captain Jackson Lamm was typically superb, doing what he could to lift the team at stoppage with his contested prowess. Parker Majman was lethal by foot and was hitting up every target. Yoni Gabizon lit up the ground with an electrifying run through the corridor. Eden Holcdorf dominated ruck contests, while Eden Ramler, Tom Golshevsky and Aiden Blachman all worked well through the midfield. Velli Herbst and Jamie Shulman battled hard in defence and never dropped their heads. Plenty of positives to take out, but lots to work on.

NOT SUBMITTED

MATCH REPORT

The Stars arrived at East Caulfield Reserve with confidence growing and one question ringing in their ears from the pre-game address.“What’s better than one win in a row?”“Two wins in a row!”The boys were jacked up and came out breathing fire.Four first-quarter goals without reply had the Stars flying and the Bears searching for answers. The pressure was fierce, the tackling relentless and the ball spent so much time in the Stars’ forward half that local property agents were beginning to list it there.A special welcome back to Sonny Ajzenman, who played his first game of the season following a stress fracture. Sonny wasted no time making an impact, kicking the Stars’ second goal before being completely swamped by his delighted teammates. It was one of those moments that reminds everyone what junior footy is all about.The Bears were held scoreless in the first half as the Stars started to believe.Led superbly by captains Uri Tuksar and Judah Taylor, the boys continued to pressure, harass, tackle and put their heads over the ball. The reward wasn’t always reflected on the scoreboard, however, with a string of behinds keeping the contest closer than it perhaps should have been.The dreaded third quarter fade threatened to make an appearance once again as the Bears kicked two unanswered goals, but at the final break the message was simple.Remember what we’re building.The response was outstanding.The Stars steadied, regained control and ran out deserved winners by 29 points.Had the Stars remembered where the big sticks were, who knows what the final margin might have been.But that’s a problem for another day.Because this group is growing.Growing in confidence.Growing in belief.And growing together.Two wins in a row.Funny thing about momentum - once it arrives, it’s amazing how quickly it starts asking for company.Go Stars.

MATCH REPORT

Princes Park might be our home ground, but considering this was our first match there in 10 months, you could be forgiven for needing the GPS to get there. But it wasn't just the car that needed the GPS, the football needed it as well given every time our forwards kicked it, the footy went left when we wanted it to go right, it zigged when we needed it to zag, and it bounced backwards when we wished it rolled forward. A dominant opening quarter, and yet nothing but points, points and more points. The second quarter was kinder to the Jackettes as we kicked into gear. Georgie might be the best dressed Jackette, but we soon found out she loves the mud. She tackled, fought, ran, and covered herself in mud, whilst loving every minute of it. It was Libby's Bat Mitzvah last week, and someone gave her a Sherrin for it as she had so many possessions it was as if she bought her own footy to the game. She would have walked away with a new Toyota for kicking goal of the year, only to be cruelly denied by the umpire. With the game in the balance our defence was resolute. Nina played her best game for the club down back. She rebounded, she intercepted, she tackled. As the clock ticked down the game was in the balance. Fingernails were being chewed, the coaches nervously paced the boundary line, parents were willing the ball forward, whilst grandparents had to take a seat given the tension was unbearable. A solitary point separating two worthy winners. A shot at goal to win the match, and then the cruel breeze to push the footy wide. Ouch. Footy can be bloody cruel! But wipe away the tear's girls, you made us proud.

MATCH REPORT

Ajax U12 Jets made an early start as they travelled to Cheltenham at sunrise, ready to take on one of the competition heavyweights. While the final result didn't fall their way, the scoreboard failed to capture just how competitive the Jets were throughout an encouraging four-quarter effort. The game burst into life in the opening quarter, with Adler setting the tone through a strong contested mark before confidently slotting a goal from 30 metres out—one even his dad Gary couldn't deny. Slade-Jacobson followed up soon after with his first major, rewarding the Jets' early intensity. In the midfield, Davis imposed himself with physical presence, while Rath looked sharp and determined at every contest. Cheltenham responded in the second term, threatening to pull away, but the Jets showed resilience. Dickman produced a special moment in his 50th milestone game, running into goal and finishing truly, sparking a late surge that yielded two quick goals before halftime. Behind the play, the defensive unit of Raleigh, Moyal, Azoulay, Chester, and Epstein stood tall, working cohesively to repel repeated attacks. The third quarter presented a missed opportunity, as the Jets controlled passages of play but couldn't capitalise on the scoreboard. Besser competed strongly in his 51st game, while Raksin showed courage, battling on despite a heavy knock to his leg. In the final term, the effort never wavered. Ong and Borowski ran tirelessly to the end, but Cheltenham's lead proved too great to overcome. Despite the loss, it was a valuable learning experience, with the Jets showing plenty to suggest they'll bounce back strongly.

MATCH REPORT

The Comets produced their best four-quarter performance of the season to date, delivering a resounding 88-point win in an astonishing turnaround against a team that beat us just 6 weeks ago. The boys were ON from the very first bounce and didn't let up all day with their intensity and ferocious attack on the contest. The boys from the South simply didn't know what hit'em, and it was our willingness to continuously win the hard ball and apply maximum pressure on the opposition when they had it that was the key to unlocking what was nothing short of a stunning display of attacking football that delivered a 14-goal game. Our midfield brigade of Raleigh, Kagan and Blustein set the tone right from the start and all had terrific games. Kagan, in particular, impressed as he ran his tagger into the ground while also finishing with 2 goals. The mids were getting great service from White, who was at his physical best all day in the Ruck. Godlewicz was another who led the way early with his attack on the footy and his 2nd and 3rd efforts. Our tall timber down forward caused major headaches for the opposition. Onas put on a masterclass at CHF with his towering marks and lace-out kicking, while Lowinger was also a handful both in the air and on the ground as he finished with two majors. Down back, Janover, Granek and Perlman were all super disciplined with their defensive efforts and didn't let their opponents get a sniff all day. Samowitz also made his presence felt with his physicality, while Appel and Krampel's smart decision-making and ball-use across half-back helped launch multiple scoring chains. Joffe impressed with his aerial display in the second half, while Brooks literally put the fear of god into the opposition with a few bone-crunching tackles. Lewski sliced and diced the opposition with his inside-50 entries and precision kicking. Jankie was lively down forward in his best game for the season, while Gelbart was nothing short of scintillating in the second half, putting the finishing touches on the game with two terrific last-quarter goals.

MATCH REPORT

A perfect winter's afternoon saw the Falcons take the field against rivals Murrumbeena. From the first bounce, the boys followed instructions and were hard at the contest, controlled the footy, and provided plenty of scoring opportunities to our forwards. Despite missing lots of players due to illness and injury, the Falcons dug in and continued to apply pressure to force turnovers and starve the opposition of the ball. There were winners all across the ground, defensively, Cohen, Aron and Goronstein were outstanding. Eckstein and Smorgon roamed the wings and picked up lots of the ball - Swart was lively and Dabschek and Kanevsky were consistent all day. The versatile Newman continued his run of great form, controlling the ruck duties and giving Gunn, Landau & Aden Harris first use of the ball. The Falcons will gain confidence from this match and can build from this win into the rest of the season!

MATCH REPORT

The U13 Jets competed hard and admirably today against the Waverley Park Hawks in an intense showdown, and although we fell short of the win 19-28, our gameplay, teamwork and attitude reflected a very different story. Waverley came out strong, testing our ability to maintain composure and push through adversity while holding our heads high. However, despite the discouraging margin, halftime served as a much needed reset, and saw the game turn for the better as we started playing our brand of footy. They worked better as a team, ball movement flowed and the boys understood their role to themselves and the team to see the game through to their best ability. Although we couldn't pull away with the win, the shift in the second half clearly demonstrated the ability and perseverance of the boys on the field. So far the season hasn't exactly gone our way, but today we saw that we are more than capable of turning the tides. We're going to bring the same teamwork and effort to training as we saw in the game, reinforce what worked well, and come out stronger than ever next week. Huge credit to the squad who all come ready and keen every week to give it their all. Go Jackas.

MATCH REPORT

Gutsy win. The boys brought the pressure and intensity all game long, putting in a huge amount of effort, knowing the scoreboard reward would come eventually. Sometimes wins aren't pretty, and that's what good teams do, get the job done regardless. On a very wet/muddy ground, the boys showed great fight and determination to do whatever they needed to walk away with the 4 points. Congrats to Akiva Pitt on his 50th game

MATCH REPORT

The Falcons put in a quality four-quarter performance to kick away to a big win. The boys were challenged before the game to outrun and outhunt their opposition and they did not disappoint. From start to finish, the team was in complete control, winning the contested ball and driving it forward. With a comfortable lead at three-quarter time, the players were implored to put the foot down and make a statement and they delivered, producing our most dominant quarter of the season. While we controlled territory and possession for most of the game, a little bit of tinkering with the way we moved the ball in the second half had immediate results and enabled us to find different avenues to goal. Jobe and Menachem controlled the air, Judah dominated the ground balls and Johnny was at his mercurial best. However, every single player contributed strongly, with special mentions to Hayden, Isaac, Alfie, Jackson, Avi, Ollie, Rafi E and Gabe for playing their best games of the season. The spread of contributors was by far the most pleasing aspect of win, with nine different goal kickers for the day, and 14 for the season, proving that we aren't reliant on only one or two players. The passing of the ball to teammates in better positions was a sign of real growth and seeing Johnny, Aiden and Rafi E all set up goals for teammates in the last quarter was the epitome of achdut and what we are about as a team. Well done on a fantastic performance. Go Falcons!

MATCH REPORT

The AJAX Comets produced one of their best performances of the season, holding on for a thrilling 2-point victory over the East Sandringham Zebras. The Comets couldn't have asked for a better start. Our midfield took control early, with Jagger Jolson and Blake Carew dominating the clearances and giving our forwards plenty of opportunities. Jake Davis kicked the opening goal to set the tone, while Miller Janover was outstanding across through the midfield and helping launch several attacking moves. Leo Rochman then thrilled the crowd with a brilliant running goal from half-back. Charlie Burman added another major after working hard up the wing, and the team was full of energy and confidence as we took control of the contest. The second quarter belonged largely to the Zebras, who generated multiple repeat forward entries and put our defence under enormous pressure. Levi Teperman and Noah Bensky stood tall in the backline, refusing to let the opposition break through. When we managed to counterattack, Samuel Akkerman provided an important target with several strong marks, and Jake added his second goal to keep us in front. The Zebras continued to press in the third quarter, but Toby Phillips, Noah Bensky and Levi Teperman were outstanding in defence, repeatedly repelling attacks. Coby Pura also played a crucial role, winning several important one-on-one contests that prevented the Zebras from capitalising on their momentum and helped keep the Comets in the game. The final quarter was tense, and while we made a few mistakes, the boys never gave up. Their resilience, toughness and patience shone through when it mattered most. A crucial mark by Ness Page from an opposition kick-out allowed us to slow the game down and protect our narrow lead. It was a fantastic team performance and a deserved win. Go Jackas!

MATCH REPORT

A challenging prospect in Round 8 for the Jets, coming into the matchup with only 17 players. We got out to a very hot start, kicking the 3 goals and conceding none in the first quarter. The game was heavily contested and scrappy due to a muddy surface, which resulted in a low scoring game. The 4th goal of the game came in the 3rd quarter after a great shot from Ollie Mittleman. With no interchange and the boys beginning to get extremely tired, we knew the final quarter was going to be a grind. South Melbourne fought back very hard, and managed to get it back to within a goal in the dying seconds. We ultimately held on to secure our spot in the top 2 on the ladder. Zach Munsie was incredible at CHB, bringing intense pressure and important rebounding for the whole game. Xander was also excellent off half back in his second game of the season, and Benji Kowadlo was absolutely everywhere through the middle. It was great to get the win for the boys, as we look towards our next challenge against Mordi Brae.

MATCH REPORT

Coming into today's game, we were missing a number of key players, which meant others had to step up and take on bigger roles. The girls embraced that challenge and did exactly that. Every player contributed, worked hard for their teammates, and showed the depth, resilience, and character that this group continues to build each week. The first half was some of the best football we have played this season. From the opening bounce, the girls showed great intensity, pressure, and willingness to work for one another. We played team-first football, moved the ball with speed, and supported each other across the ground. Most importantly, everyone bought into their role and contributed to the team's success. While the second half didn't go the way we would have liked, there are valuable lessons we can take away from it. Football is a game of momentum, and sometimes things don't go according to plan. What matters is how we respond. As coaches, we know this group is capable of playing some outstanding football, and today we saw exactly what that looks like during the first half. We will reflect on the game, learn from the areas that need improvement, and use those lessons to help us grow as a team. We have come a long way, and there is still plenty of football ahead of us. The standard we set in the first half is something we can build on, and if we bring that same pressure, speed, teamwork, and commitment for four quarters, we will continue to improve and challenge any opposition. We're halfway through the season now, and we are incredibly proud of the effort, growth, and attitude this group continues to show each week. We'll reset, work hard at training, and come back stronger and better next week.

MATCH REPORT

Despite the result, the Under 16 Jets delivered one of their strongest performances of the season, showing plenty of positive signs as they continue to build momentum. From the opening bounce, the Jets came out firing, bringing great intensity and intent around the contest. The midfield was a real strength throughout the game, winning plenty of ball with Koby giving them first use of it and providing our forwards with numerous opportunities to impact the scoreboard. Omri was outstanding, working tirelessly across the ground and finding himself involved in countless passages of play. In defence, Orel's hands were first class, taking numerous strong marks on the last line and providing the team with confidence and stability whenever the opposition pushed forward. Our captains, Harley and Nate, led from the front all day, setting the standard with their effort, leadership and commitment to the contest. Nossi also showed exactly what he is capable of through the midfield, winning important possessions and helping drive the team forward. Reuben's performance was highlighted by multiple efforts and a never-give-in attitude. His willingness to chase, compete and keep working for his teammates was a great example of the character being built within the group. While the result didn't fall our way, there was plenty to like about the performance. The team's effort, structure and willingness to compete for four quarters continue to improve each week. Most importantly, the group is building momentum, gaining confidence and developing strong habits. If the players continue to bring the same energy, commitment and teamwork, the wins will come. There is plenty to be excited about as this group continues its development.

MATCH REPORT

The Under 16 Comets took on ladder leaders South Melbourne on Sunday, with both sides entering the clash undefeated after strong starts to the season. After an early South Melbourne goal, our boys responded brilliantly, taking control through composed ball movement along the outer wing. Their effort and discipline were rewarded with a one-goal lead at quarter time. The second term became a genuine arm wrestle, with South Melbourne gradually gaining the ascendancy to take a two-goal lead into the main break. Despite trailing, the coaches were extremely proud of the group's effort and belief. The first half proved that when the boys trust themselves and stick to the game plan, they can compete with the best teams in the competition. Unfortunately, the third quarter was one we would rather forget. South Melbourne controlled the midfield and scored too easily through the corridor, making it difficult for us to halt their momentum. To the boys' credit, they responded strongly in the final quarter. Although the result was beyond reach, the group played with greater determination and attacked the contest with renewed intent, evening up the play and showing plenty of fight. They should take confidence from that effort, knowing that when they stay committed to the task, they are capable of matching the competition's benchmark side. One of the biggest lessons from the game was the opposition's relentless running in both attack and defence. As a group, we need to continue pushing ourselves to get involved in as many contests as possible and work hard between stoppages, earning opportunities to rest and refresh on the bench through maximum effort. There were also several standout individual performances. Hunter showed really encouraging signs at half forward, presenting strongly and instinctively wheeling and going to deliver the ball quickly inside 50. Zev produced some outstanding attacking passages that resulted in goals and consistently looked dangerous with ball in hand. Our backline also battled hard throughout the first half, and the coaching group is extremely pleased with the commitment and resilience that defensive unit continues to display. The focus now shifts to bouncing back strongly over the next two weeks and building momentum before the season break.

MATCH REPORT

A match that everyone on both sides has had circled on the calendar since the preseason. Early on, Jordan Ritterman was dominating in the ruck and continued that form throughout the whole game and capped it off with a strong team delivery to Zac Feldman, who slotted the first goal of the game. The Jets fought back and trapped the ball in their forward 50; however, they failed to convert, kicking 1.6 by quarter time, especially due to stellar defence by Dean Waters, Aaron Scharf and Oren Davis. The second quarter continued to be a dogfight with a goal a piece during the period. The midfield rotation was spurred on by critical tackles from Zac Linnow, Hugo Kolliner and Eyal Berry, who all refused to let the Jets get their system of controlled ball movement going. Noah Sherr continued his goal-kicking form in the 2nd quarter as well, sneaking a soccer goal right as the ball was on the line, seeing us down only 6 points at half time. The second half saw our willingness to fight hold us together as the Jets began to surge, kicking 3 goals. However, critical goals from Zac Linnow and Toby Vogel ensured the team remained within touching distance as the Jets couldn't convert. Yeshaya Goldberg was crucial, taking multiple goal-saving marks, along with Zac Feldman, who was moved to half back and made a big impact. Ultimately, however, the team was left with a monumental task, down by 17 points at 3 quarter time. Heading into the last quarter, the magnets were shuffled again, with Toby Vogel continuing to play on a wing and Josh Fixler given a job up forward, snagging a goal for his work. It was back and forth for the first 10 minutes, with the boys struggling to cut into the lead as the Jets continued to hold a 17-point lead. However, once again, the team showed their never-say-die attitude. Omer Getz found the footy and slotted a pivotal goal, cutting the lead to 11 with around 6 minutes to go. A clearance for the jets saw a rebounding goal from Toby Vogel, who ran 100m before slotting it from 50. Now down 5 with 2 minutes left, it was all-out attack, and Hugo Waisman popped up in the pocket, with an incredibly difficult shot on goal, Waisman showed total composure, kicking it and putting us up 1 point with 90 seconds remaining. The Jets, however, refused to roll over, winning the final clearance. A mark from Oz Eckstein looked to have secured it, but the clearing kick came right back, and the Jets were paid a free kick with 10 seconds left in the game. 2 weeks in a row, we were left waiting for a kick after the siren to decide our fate. The kick sailed far left, seeing a draw as the final result. The boys should hold their heads high; the 2 points picked up today will be critical as the season goes on.

MATCH REPORT

What a week! The Jets play off against the other Ajax team in their first matchup of two for the year at Princes Park for the round 8 fixture of the home and away season. Going into the game, the boys were keener than ever to play not only against their mates, but a matchup from within our own four walls. The game was scrappy, mud pit in the middle and a little bit of dew left on the ground for the 11am kickoff so the boys knew the game started in the middle and getting the ball forward. In the first half, the boys scrambled together 11 scoring shots to 5 but only led by 6 points at the half with an additional 6 behinds on the scoreboard leading 3.8 20 to 3.2 14. However, in the second half, the other AJAX team did a really good job of making the most of their opportunities, however, we did capitalise on ours in the 3rd having a 17 point buffer going into the last break. With a minute left on the clock, the opposition took their first lead since the 5 minute mark of the first with a very good set shot from the boundary to lead by 1. A shot after the siren on our end down by 1 to win the match was unfortunately missed and resulted in a draw. On our end, the boys were disappointed not to get the full 4 points, but wayful kicking and 6.17 to 8.5 was the biggest determinant of the result and unfortunately that does happen. The boys put their all into the game and at the end of the day, that's what matters most, and still taking 2 points of out it is a result that we will take. Heading into our next fixture against Ormond, the boys will look to bounce back and attack the ball harder to ensure we still get around the 20 mark for scoring opportunities which should put us again, in a really good spot to get the 4 points.

MATCH REPORT

The Ajax U17.5 Rockets won their first game of the season and did so in convincing fashion with a 4-quarter performance that every individual played an integral part of. If it wasn't for the word-limit, I would name every single player on the team. Pressure and intensity at the contest has been the cornerstone of the teams identity so far throughout the season and apparently the boys have an even more commanding gear to reach on that front, which is very exciting for the rest of the year. We came out of the blocks being up 25-0 at QT, before a combination of some slight mental lapses and very skilful goals from St. Kilda cut the lead to under a goal at the half. However the boys locked in and played there best half of the year. We perfectly flirted with the line of being rough and getting into the oppositions heads without doing anything detrimental or unsportsmanlike. This directly resulted in a massive scuffle which about every player on the field was a part of, except one fella. The skipper Sam Azoulay decided he was above that and thought it'd be a better idea to just snatch the ball and slot a goal. Coming at half way through the third, with St. Kilda kicking the last 3 and us not kicking a goal for a quarter and a half, and the heat and emotion that was being instilled in that moment, the combination of that and the composure / presence of mind from our co-captain was the key shifting point in the game. We went on to win by 25 points, running away with it. L.Hyams had a huge last quarter and was stiff not to get votes having a 2 goal last quarter and 5-odd contest marks. What a feeling.

4.1

MATCH REPORT

In a dominant football display, we cruised to a comprehensive 50-point victory over the East Sandringham Rovers U17.5 Boys YELLOW, finishing with a final scoreline of 10.15 (75) to 4.1 (25). The match started as a high-energy shootout, with East Sandringham showing incredible efficiency to leave us leading by just 3 points at the first change, 21 to 18. However, we completely shifted gears in the second term, locking down defensively to restrict the Rovers to a single goal while booting three of our own to stretch our margin to 17 points at the main break. The third quarter was a defensive masterclass from us; despite being a bit wayward in front of the big sticks with 1.5, we completely starved East Sandringham of scoring opportunities, holding them scoreless for the entire term. With the game well within our grasp, we opened the floodgates in the final quarter, adding another 3.5 to our tally while the Rovers could only manage a single behind to break their second-half drought. After a tightly contested opening term, we beautifully showcased our fitness and tactical discipline to kick 7 goals to 1 across the final three quarters, leaving them with absolutely no answers.
