COACHES CORNER

MATCH REPORT

After a two-week break, the Sharks returned to the field looking sharp and ready to go on a beautiful sunny morning against South Melbourne. With AFL royalty Wayne Carey watching from the sidelines, the boys put on a clinic and produced one of their best performances of the season. From the opening bounce, the Sharks were switched on, bringing relentless pressure, strong attack on the ball, and fantastic teamwork for all four quarters. One of the most pleasing aspects of the game was the spread of contributors in front of goal. An incredible seven different goal scorers found the scoreboard which was a season high. The coaches were also thrilled with how consistently the boys performed across the entire ground. Whether it was winning the ball in defence, linking up through the midfield, or capitalising inside the forward 50, the Sharks played with great energy, discipline, and confidence from start to finish. Most importantly, the boys looked like they were having a great time, encouraging each other and playing with smiles on their faces. What an awesome morning of football and a performance the whole team should be proud of!

COACHES CORNER

"Tackle tackle tackle!"

MATCH REPORT

The U8 Stars continued their incredible streak of form, kicking off at midday under glorious winter sunshine at East Caulfield Reserve. Back together after the holiday break, the boys tackled hard, ran all day and fought for every footy in a competitive clash with the Vampires. Brilliant ball movement, fabulous teamwork and great vibes all round. Go Stars! 🌟

U9 - ROCKETS

VS

**East Sandringham
Zebras U9 Mixed
GUERRA**

COACHES CORNER

MATCH REPORT

Under clear skies and glorious sunshine, the boys put in a gutsy, hard-fought performance against East Sandringham Zebras, showing tremendous character all over the ground. Forward line: Hoppe was a constant threat inside 50, using his pace to create scoreboard pressure all day. Petrichenko complemented him well, working hard both ways and never taking a backward step. Lockshin provided strong contested marking and held his ground under pressure, while Kahn was tenacious at ground level, chasing down opponents and applying relentless tackling pressure through the forward half. Midfield: Glasberg was outstanding through the middle, winning the ball at will and setting up drive out of the centre. Siegel matched it physically all afternoon, putting his body on the line time and again. Appel controlled stoppages superbly and gave his teammates first use whenever possible. Skurnik covered enormous ground, always available as an outlet, and Lewski's endurance stood out, running hard from start to finish. Back line: Chehab marshalled the defence brilliantly, organising the troops and repelling wave after wave of attack. Sussman was rock solid one-on-one, while Sawicki read the play beautifully and intercepted at will. Molnar's tackling pressure in defensive 50 was a real highlight, and Vardi capped things off with composure under the high ball, ensuring the Zebras found scoring opportunities hard to come by. Overall, it was a fantastic team effort from top to bottom. The pressure and tackling throughout the ground was a real feature, and the boys should be proud of the way they fought for each other all morning.

U9 - SHARKS

VS

**Prahran JFC U9 Mixed
YEATS**

COACHES CORNER

MATCH REPORT

An early alarm and a biting cold morning greeted the Sharks for a home game this week – but if the conditions were tough to drag yourself out of bed for, the footy that followed was anything but. Once that first bounce hit the ground, any thought of the cold went straight out the window as the boys put on a performance that was genuinely beautiful to watch. The transition from back to forward was a standout feature of the game. The Sharks moved the ball with real intent and precision, connecting through kick and handball to push play from one end of the ground to the other with purpose and pace. It was the kind of ball movement that makes the game look easy – and that only happens when a team is switched on, connected, and trusting each other. This was a Sharks brand of footy through and through. High pressure, lots of run, and a genuine hunger to be involved at every contest. The work from kick-outs in particular was impressive – the boys executed both by foot and by hand with composure and accuracy, consistently finding targets and maintaining possession under pressure. It's a skill that has been developing all season, and today it was on full display. Another great game, and another week full of learning for this group. The cold start was quickly forgotten, replaced by the warmth of a team playing confident, connected, exciting footy. This is what the Sharks are about – and there is still so much more to come. See you next week! 🐡

U9 - STARS

VS

**St Peters U9 Mixed
WALKER**

COACHES CORNER

"Pin the arms when you tackle so the opponent cant get a handball away!"

MATCH REPORT

The AJAX Stars hit the road again to take on St Peters at their home ground, playing under windy conditions that were otherwise dry and good for football. St Peters settled quickly and took an early lead, showing very impressive skills throughout. Time and again they hit their targets, using clean disposal and sharp ball movement to control the game. To their credit, the Stars kept fighting. They put together some nice passages of play, moving the ball well and creating opportunities of their own. In the end, though, they were no match for the class of St Peters on the day. There's plenty to take into the week ahead, with training set to focus on sticking our tackles and getting more distance on our long kicks – two areas that will help the boys stay in these contests. A special thank you to the three fill-ins from the Sharks, who all played valiantly and threw themselves into the contest for the Stars. Efforts like that don't go unnoticed. Tough day, but the boys kept at it. Onwards to next week, Stars!

U10 GIRLS - JACKETTES

VS

Murrumbeena U10 Girls LIONESSES

COACHES CORNER

MATCH REPORT

After a long break, the girls came back absolutely booming! They arrived with plenty of excitement, including our braid challenge, where the girls matched their number of braids to their guernsey number. It was fantastic to see the creativity and effort that went into everyone's hairstyles before they hit the field ready to play. From the first bounce, the girls looked refreshed, confident, and ready to play. They attacked every contest with enthusiasm and brought great energy from the very beginning. One of the biggest highlights of the game was the way the girls shared the ball and worked together to keep the play moving. We saw some fantastic handpasses linking up around the ground, girls creating great options for each other, and incredible marks that helped maintain possession and build attacks. The girls continued to look for teammates in better positions, making smart decisions with the football and creating opportunities through their movement and teamwork. The energy never dropped throughout the game. The girls were constantly cheering each other on, celebrating the little wins, and encouraging one another. That support was reflected in the way they played, with teammates always willing to help, chase, and provide an option when needed. It was great to watch the girls return after the holidays with such enthusiasm and confidence. Their effort, determination, and willingness to play for each other made for an exciting game, and it was clear how much they enjoyed being back out there together. As the girls would say, Go the Ettres!

RIEWOLDT

COACHES: JONO MICHAELS, SIMON KRAMPEL

U10 - ROCKETS

VS

**East Malvern U10 Mixed
SMITH**

COACHES CORNER

MATCH REPORT

The Ajax U10 Rockets faced a formidable East Malvern side in a contest that ultimately became a tale of two halves. Determined co-captain Carp led by example with the first clearance of the game, but East Malvern quickly forced the Rockets into a defensive posture. Frid's repeat efforts helped keep Ajax in the contest, while Snyder was fully engaged from the outset, attacking the ball with determination and competing strongly across all four quarters. Despite the ball spending much of the opening term in defence, the Rockets continued to work hard. Krampel attacked the contest and took several excellent marks, while Kaplan showed desperation in the forward line. Michaels' defensive pressure caused a turnover and Joffe capitalised with a lovely goal. The momentum remained with East Malvern in the second quarter, although the Rockets were able to shift it at times. Co-captain Polyakov produced his best performance of the season, laying important tackles in defence. Rynderman was silky in attack, producing a brilliant pick-up and running shot on goal, thwarted only by the big white stick, which was not the Rockets' friend all day. Gerber displayed his outstanding football IQ across the backline, ably assisted by New, who took several clutch marks. Weinberg provided much-needed run and carry through the midfield, while Grosberg repeatedly took on multiple East Malvern players. The Rockets created opportunities, but East Malvern capitalised more effectively and displayed mature football skills beyond their years. After the break, the Rockets emerged with far greater intensity. Jolson was relentless through the midfield, creating more supply for the forwards. Mittelman and Joffe linked up repeatedly and peppered the goals, but despite controlling much of the quarter, the scoreboard did not reflect the Rockets dominance. The Rockets maintained their effort in the final term. Tyser and Nudel were important in defence, while Scher capped an outstanding day with a beautiful goal after demonstrating his mastery at ground level. After being outplayed in the first half, the Rockets refused to drop their heads and kept East Malvern scoreless for most of the second half. Their second-half response featured some of their best intensity of the season and showed real character against a highly skilled opponent.

HARVEY

COACHES: JOSH FRYDENBERG, MARK BENKEL, ELIOT SILMAN

U10 - SHARKS

VS

**SMDJFC U10 Mixed
STALLARD**

COACHES CORNER

MATCH REPORT

On Sunday morning the Sharks came up against one of the strongest sides in the competition in South Melbourne. It was always going to be a challenge, especially in the dry and clear conditions where the opposition could display their clean hands and sound skills. For three quarters, the Sharks battled manfully, doing their best to disrupt what was at times some very impressive ball movement from South Melbourne. There was plenty of heat on the ball and clear space was at a premium. With tremendous pressure and tackling efforts, the Sharks hung in there until three quarter time. However, the team faded away in the final term, no doubt fatigued from the great effort up until that point. South Melbourne's aerial play was incredibly impressive and they were able to take a number of strong overhead marks in the last quarter in their forward line. Kolliner and Kirschenbaum were important in defence early, helping to restrict the scoring of the opposition despite numerous forward entries. They were ably supported by some strong defending from Gomo and Wajzman. Marcus' and Jankie's clean hands around the ball helped drive the Sharks forward, while captain Bechler and Wibawa hunted the opposition and applied crucial tackles in the midfield. Up forward, Gestetner and the Binstock twins were typically dangerous with their crumbing, giving the opposition some headaches, while Brand's and Freilich's forward pressure was important in disrupting South Melbourne's flow. Snow and Lipp played a variety of roles across all lines and both performed admirably in each one, while Segal consistently flew for the ball and gave the team a strong aerial presence against much bigger opponents. Frydenberg and Benkel made their tackles stick and were hard at the contest, and a special shout out must go to Silman, who saved a certain goal with a courageous tackle on the goal line. Unfortunately, he injured his ankle in the process, and the Sharks were left with a few key absentees for most of the second half. All in all it was a good experience to play against such strong opposition and the boys will no doubt use it as a learning tool to improve their game.

COACHES CORNER

"Tackling and Team!"

MATCH REPORT

A fresh Sunday morning welcomed the Stars back to their spiritual home at Princes Park to take on Hampton Rovers. The contest was fierce from the opening bounce, with E Goldberg and Siton - making a welcome return from the promised land - attacking the contest with intent and giving our forwards first use of the footy. Schwartz was a commanding presence in the ruck, while Blankfield's pace, Rubenstein's tenacity and Korbl's intensity were terrific to watch in their first game back after the mid-season bye. Down back, Dreyfus, Klinger and J Goldberg returned to their ever-reliable best, with Chaiton's relentless tackling pressure a true testament to the work the group has put in over the break. Up forward, captain Feutrill pounced on a loose ball, spun around Bailey Fritsch-style and delivered beautifully to Sahar, who made no mistake to kick the Stars' opening major. After receiving some direct feedback from the coach at the main break, Lipson answered the challenge, injecting himself into the midfield and raising the intensity around the contest. A Goldberg stepped into the ruck without missing a beat, while Lewis' speed and Perlman's class were instrumental in ensuring the Stars remained competitive in the territory battle. Spektor's two second-half goals were a deserved reward for his tireless work all day, but the highlight came late in the third quarter. With support from Joseph and Grynberg, C Goldberg laid a bone-crunching tackle that earned him a free kick and a set shot on goal. He went back with confidence and kicked truly, registering his first goal for the club. It was a special moment and a proud day for the Goldberg family, his teammates and the entire footy department. Congratulations, Coby!

KALTMANN, AVE

KAMIEN, HANK

SACK, JORDAN

WEINBERG, EDEN

MATCH REPORT

In what was Benji Borowski's 50th (ok 51st) game, the boys were keen to put on a good show to honour their teammate. And what a start they had. No I don't mean Borowski ploughing through the thick crate paper with his team right behind him. I mean the whole team, who managed to pile on 6 quick goals for our best opening quarter of the season. Newstadt bobbed up for two, while the man himself, BMB, kicked a GOTY contender from 50 after evading 3 opposition tacklers. The territory battle was going our way and the ball movement was sublime. Unfortunately, the second quarter was a bit of a reversal of the first, with scores level at half time and the wind in the opposition sales. Our boys wrestled back momentum, winning territory but ultimately proving wasteful in front of goal with ~6/7 points for the quarter. Golshtein was exceptional, positioning himself perfectly behind the ball, marking everything in site and showing great composure. Protector lived up to his name, weathering two huge tackles including the one that ended his game to show some real courage. Kicking into the wind in the last, the boys had their work cut out for them to get the job done on this day. They persisted throughout, ran hard but fell just short, much to their disappointment. Borowski led the team brilliantly, as our first every solo captain. Setting standards on, and importantly off the field, all your teammates hold their heads higher playing with you Benji. Now with only a few rounds left, time to put the disappointment to work for us as we face top of the table Kangaroos next round.

MATCH REPORT

The Sharks, fresh off the back of two big wins and a mid-year break, returned to home turf at Princes Park to take on ladder leaders St Pauls. From the opening bounce, it was clear that the Sharks came to play. The first half saw the Sharks dominating contest, winning every clearance and working for each other to will the ball forward. We were tougher at the contest, working harder around the ground and seemed to be gaining the ascendancy. Playmakers Kowadlo and Blachman were superb off the half back line, intercepting and rebounding like pros. Ramler and Holcdorf, on opposite wings, brought physicality to the contest and did not stop running. Despite possession being in our favour, the Doggies got a few goals against the run of play, St Pauls managed to convert from the opportunities they created. The third quarter saw the Sharks lift the intensity another notch. Captain Parker Majman led from the front in the midfield, his in-and-under work at stoppage typically incredible. The rest of our midfield was on fire, with Dzienciol, Lamm, Gabizon and Carroll combining to win clearance, link up, gain repeat F50 entries resulting in consecutive goals. Suddenly we were back within a goal again and anything seemed possible. Then tired legs set in. No players on the bench to rotate. Injuries mounted. St Pauls were able to put on 8 goals in the last quarter and a half fairly cheaply and the margin blew out. The final scoreline probably doesn't reflect what we looked like on the day. We couldn't have asked for more from the boys. Every player remained accountable and gave absolutely everything they had. The way this team has been building since the start of the year is something everyone should be really proud of. Lets go Sharks!!!!

MATCH REPORT

The word 'fresh' was mentioned once or twice among the parents as the stars made their way to Como park for an 8am start against Prahran. With heavy dew on the ground and some difficulty feeling their extremities in the warm up there were concerns that the stars may still be in school holiday mode. Those fears were allayed from the first bounce (throw up?!?) with the stars throwing themselves into each contest. There were no easy possessions as the conditions favoured those that put their head over the ball. That was more often than not the stars players as they won the territory battle but lacked the finishing skills to put it on the scoreboard. As conditions improved in the second quarter the stars could be more expansive in their play, with some exquisite passages of play, finished beautifully by the forward line. Prahran came out after half time determined to get back in the game, but the stars defence held firm, playing disciplined, team first football. A gritty and determined second half followed with the stars running out convincing winners. A fantastic four quarter performance by the boys with even contributors all over the field, Go Stars!!

MATCH REPORT

School has started, holidays are over, and yet half our team was still sunning themselves in the Northern hemisphere; the downside of coaching for a first world club...Round 11 saw us take on the undefeated South Melbourne. Under blue skies and playing at home, the 16 available Jackettes were looking forward to the challenge. The coaching group kept it simple, prematch instructions were delivered by the girls. Georgie said “fight for the footy at every chance you get”; she followed her instructions to a tee, stealing, fighting, grabbing the ball from the opposition at every chance. Clearly, she spent the holidays grabbing the footy off her brothers.Lottie said she wanted to play ruck, and she delivered in spades. She smacked the ball forward at every contest. If the ball came out of our 50 metre area, she was ready to mark it, and kick it back in there. I worry for her dad next week when he has to coach her at basketball, as given her attack on the opposition, she’ll be fouled out in no time.Milla Gold had a breakout game. She wanted in on the action. Running, marking, kicking, handballing, she did everything but dance and sing on the field.Libby, Abby and the Cohen’s shared the footy amongst themselves. Racking up the possession count but they just couldn’t convert their touches into goals. The opposition was good, they took advantage of their few opportunities. They kicked a goal with every 2nd forward entry. It would have been one for every entry but Bonnie, Minnnie and Sunshine found their grove to minimise the damage.The final siren sounded and we were down by 14 points. Unlucky. Sometimes the ball doesn’t bounce your way. And given it’s an oval ball, quite often it doesn’t...

MATCH REPORT

The Falcons ventured out to Port Melbourne for a twilight fixture against the top 4 Colts. The boys gave their all for 4 quarters but couldn't match their much stronger opposition. Out of the middle Weinstein and Onas ran all day and drove the ball forward. Down back Levi read the play exceptionally and Rosenberg kept repelling the ball. Gabizon got plenty of the ball giving the Falcons chances to score. Sutton was hard at the ball, laying strong but fair tackles. Both McGregor and Silver excelled when given their opportunity in the middle and special mention to ruckman Sochen and Kotlyar who were up against the preeminent ruckman of the competition and never stopped trying and competed as best as they could.

MATCH REPORT

After a couple of weeks enjoying the school holidays, the Ajax U12 Jets returned to the field looking refreshed, complete with new hairstyles, fresh suntans and plenty of enthusiasm. Unfortunately, despite the boys' eagerness to make an early statement, it was East Brighton who seized control through a dominant midfield, piling on two quick goals to put the Jets on the back foot. The early signs looked challenging, but the Jets refused to be intimidated. Dickman sparked the side with one of his trademark bursts, weaving through traffic inside 50 before calmly finishing from 25 metres out to breathe life back into the contest. From that point on, the Jets never lowered their heads, continuing to battle hard even when the game felt like an uphill climb against a quality opponent. There was a special moment for milestone man Epstein, who celebrated his 50th game by dribbling through a clever goal that had teammates rushing in to congratulate him. In the second half, the Jets lifted another gear, with Borowski, Chester and Moyal providing relentless drive out of defence, while Levin stood tall to repel countless East Brighton attacks. Ong capped off a slick passage of play in the third quarter, finishing a terrific pass with a well-earned goal. The Jets continued to apply pressure and looked capable of running over the Vampires late, but the early deficit proved too much to overcome. Raleigh's courageous efforts all afternoon were rewarded with a final-quarter goal after repeatedly throwing himself into every contest. While finals may now be out of reach, the Jets showed once again that their spirit remains unwavering. They'll continue to fight every game to the final siren, playing with determination, resilience and pride.

MATCH REPORT

There was no post-holiday malaise for this Comets team who performed like true pros and delivered a convincing 52-point win over East Sandringham. The boys started the game strongly with an emphatic 3-goal to nil opening quarter and never looked back, controlling the majority of play while heavily restricting the opposition's forward entries with their high level of pressure around the contest. Onas continued his rich vein of form with another dominant display up forward as he marked everything in sight and finished with a 5-goal haul. Beebe and Joffe had blistering opening quarters and were key catalysts in our fast start. Godlewicz was another who started well and continued to find plenty of the footy throughout the game with his hard running and smart positioning on the wing. Friedman also had a solid game on the opposite wing as he presented well through the corridor, while Gelbart was as busy as ever up forward, getting into good spots and racking up the touches. Isaacs provided a spark when he went onto the wing in Q3, while Raleigh and Kagan were at their explosive best through the midfield the entire game. The backline, led by Granek, Perlman, Krampel and Brooks stood resolute the entire day. They were super disciplined holding their positions and acted like a rebound net almost every time the ball entered the opposition's forward half. Overall, it was a great way to kick off the run home to the finals. Well done, Comets!

MATCH REPORT

A game to forget for the Falcons, as we were comprehensively outplayed from the first bounce. The boys lacked the tackling and defensive pressure required, and as a result the ball lived in the Rovers forward 50 for most of the first 3/4. There was not enough desire to win the ball and with some very good footballers on the opposition, the Rovers dominated in most aspects of the game. The last term was positive, with the Falcs finally winning more possession and showing strong connection across the ground - this resulted in plenty of scoring opportunities. The last quarter should be a springboard for next week with the Falcs desperately needing a win to regain some confidence.

MATCH REPORT

Taking on the undefeated, top-of-the-ladder East Malvern with just 17 players was always going to be a tough challenge for the Jets. Despite the odds, the commitment and determination from every Ajax player was evident from the outset. East Malvern showed why they sit at the top of the ladder, moving the ball quickly and efficiently to kick three unanswered goals in the opening quarter. While Ajax was unable to trouble the scoreboard early, the players continued to compete and never dropped their heads. At the first break, the coaches delivered a simple message: every player needed to give 100% effort. The response was outstanding. The second quarter was played on Ajax's terms and showcased some of the team's best football of the season. Sion was dominant in the ruck, consistently giving our midfielders first use of the ball and allowing the team to gain ascendancy around the contests. The hard work was rewarded on the scoreboard, with goals to Sion and Vosko helping Ajax win the quarter and build belief across the ground. The momentum continued into the third term, with the Jets' pressure and attack on the football reaching an elite level. Strong tackling, relentless effort, and excellent teamwork were highlights as every player worked for one another and refused to give East Malvern any easy possessions. The final quarter started in promising fashion, with Ajax controlling the ball and creating opportunities early. Unfortunately, we were unable to convert our chances, and East Malvern capitalised late, adding two goals to stretch the final margin. While the scoreboard may suggest a comfortable East Malvern victory, it certainly does not reflect how competitive the game was. Against the benchmark side of the competition, and with only 17 players available, Ajax produced one of its most complete team performances of the season. Although we didn't come away with the four points, today's performance was a giant step forward for the group. Every player should be incredibly proud of the effort, commitment, and teamwork they displayed. If we continue to play with this level of intensity and unity, there is plenty to look forward for the remaining games of the season. Go Jets!

MATCH REPORT

In a game of two different halves, the Falcons went down to Caulfield by 38 points. Playing against a team coming off consecutive 100+ point wins, the team knew it would have to be at its best. Unfortunately, we had too many players who were simply not switched on at the start of the game and in the blink of an eye we found ourselves four goals down in the first quarter. Loose checking, being led to the ball and half-hearted tackles were the story of the first quarter and it looked like we would be the latest team to get belted by Caulfield. However, after a reset at quarter time, it was a different Ajax team that came out. We missed a few opportunities in the second quarter but our defensive efforts were fantastic and we were able to turn the game into a real contest. From there, the boys stepped it up further in the second half and began to get real ascendancy and hit the scoreboard. While we gave up too big a lead to be able to reel them in, the fact that the players never gave up and were able to win the second half speaks volumes about their resilience, determination and ability. Where we were being led to the ball in the first quarter, from then on we hunted the football. Our tackles stuck in the second half and our ball movement created opportunities for our forwards. The backline not only defended well, but also rebounded strongly to help transition the ball quickly from end to end. If only we had brought the effort of the second half for the full game, the result may well have been different. Nonetheless, despite the result, we will take a lot of positives out of this game and the boys should walk away knowing that when we bring 100% effort and play Falcons football, we are good enough to beat any other team. On an individual level, Jobe, Asher and Judah were tough at the contest all day, Isaac was inspirational with his repeat efforts, Johnny and Menachem gave us great drive and Rudy was a clearance machine. Hayden and Aiden gave us targets up forward by playing in front and capitalised by kicking goals. With only four rounds left, the time is now to knuckle down and get to work to ensure we earn a spot in the finals. Go Falcons!

MATCH REPORT

It was aother early start but the boys were excited to get back to playing footy after a few weeks off. Unfortunately the St Pauls jumped us early and we never really found a way back into the game. Bigos set a great example with his tackling early before going off injured and we were left to fight with 17 on the field. At times we showed good ball movement but struggled to finish off our work once we entered the forward line. Gottlieb fought hard and run tirelessly all day along with Tempelhof and Suss who set up multiple opportunities for us. We have some work to do on our ground balls and toughness in the contest to ensure that we can compete against the top team in our competition. Looking forward to taking lessons from today into next weeks game.

MATCH REPORT

AJAX Comets Match Report – Round vs BeaumarisIt was a special day for the AJAX Comets as we celebrated captain Miller Janover’s 100th game, and the boys responded with a fantastic start. Ness Page dominated the ruck, giving our midfield first use, while Blake Carew and Jagger Jolson provided plenty of drive and intensity around the contest. Zach Bude got us on the board with a terrific set-shot goal, and Benji Norton thrilled the crowd with a clever mark deep in the forward pocket. Soon after, Ness took a strong contested mark before showing great composure and teamwork by unselfishly passing to Charlie Burman for a shot on goal. The boys were full of energy and took that momentum into quarter time with a four goal lead. The second quarter was a different story as Beaumaris worked their way back into the contest. Our defence stood tall under pressure, with Noah Bensky attacking the ball courageously in the air and Jake Davis continuing his excellent form. By half-time, the scores were locked together.The third quarter was a fierce battle with both midfields going head-to-head. Leo Rochman provided valuable run through the middle, Blake Carew never stopped working, and Eli Grant steadied the team with a terrific goal. At the final change, the Comets held a slender one-point lead.Unfortunately, Beaumaris came out with greater intensity in the final quarter and seized the momentum, kicking three goals to take control. Eli Grant added another major, but it wasn’t enough to bridge the gap. The highlight of the last quarter was a flying pack mark by Jagger Jolson. In the end, we couldn’t put together four consistent quarters and Beaumaris deserved the win.While the result wasn’t what we were after, there was plenty to like, and the effort shown was something to be proud of. We’ll learn from this one, regroup, and come back stronger next week.Go Jackas!

MATCH REPORT

After the school holiday bye the boys were keen to get back into footy! We started the game really well. East Malvern fought back at different stages, but we did not allow them to gain much momentum. Amos kicked four goals and Xander kicked five, while Elijah was elite in the ruck all day. Max Raleigh and Benji Kowadlo kept running the ball forward and creating opportunities, and Ollie Mittelman also played a very impressive game. All the boys contributed and played their role. To come away with a win by over 100 points is a massive result, but we still have plenty to play for. We need to keep working hard and fighting for a top two spot over the final few games of the season.

MATCH REPORT

Round 10 - U15 CometsThe Under 15 Comets produced another competitive performance against Bentleigh, continuing to show resilience despite an ongoing run of injuries.With no interchange bench for the match, the boys battled hard from the opening bounce and never stopped competing. Although the result didn't fall our way, the effort and determination shown by the entire team was outstanding.Captain Noah Blustein led from the front, working tirelessly to inspire his teammates throughout the game. Harry Basist applied relentless pressure all day, while Harrison Blashki was once again dependable in defence. Charlie Pack and Jensen Weinberg competed strongly in the air and at ground level, providing important contests around the ground.With four crucial games remaining, the Comets still have plenty to play for as they push to secure a place in the finals. The team's resilience in recent weeks has been a real highlight, and they'll be looking to finish the season strongly.

MATCH REPORT

Welcome back, Jackettes! After a well-earned school holiday break, the girls returned to footy with plenty of energy and determination. From the moment they arrived, we could tell something was different. We have honestly never seen the team warm up the way they did today. The intensity, focus and enthusiasm they brought from the very first drill set the tone for the day. It was clear the holidays had given everyone a chance to reset, recharge and come back ready to play. Today's game was a tough contest against a strong opposition, but what stood out most was the way our girls never gave up. Every quarter they continued to put their heads over the ball, chase hard, tackle with intent and support one another. There were plenty of moments where they could have dropped their heads, but instead they kept encouraging each other and fought right until the final siren. While the scoreboard didn't fall our way, it certainly doesn't tell the full story. The effort, teamwork and resilience shown throughout the game were something to be proud of. There were countless passages of play where the girls worked the ball brilliantly, backed each other up and showed just how much they have developed as a team this season. If they continue to bring that same attitude and work rate each week, the results will come. One of the best things to see was the positive energy on the sidelines and the way everyone celebrated the little wins throughout the match. That's what being part of a team is all about. We couldn't be prouder of the way the girls bounced back after the break. The hunger, commitment and fight they showed today are exactly what we want to see. Keep believing in yourselves, keep working hard and keep enjoying your footy. Onto next week!

MATCH REPORT

Arguably our best performance of the season. Every player played their role, and the buy-in across the group was outstanding. It was a genuine team effort from start to finish, with everyone contributing when it mattered most. Our midfield worked tirelessly all day and had nothing left in the tank by the final siren after giving everything for the team. Koby was outstanding in the ruck, giving our midfield first use all day and setting the tone around the stoppages. On the outside, Smudge and Omri gave us a different look with their run and ball movement, while Isaiah looked dangerous every time the ball came his way and continually threatened in attack. Our backline was incredibly solid and super organised throughout the game. They defended with discipline, communicated well and stood up under constant pressure, giving us every chance to stay in front. Nossi gave everything despite being double-teamed in the final quarter. His effort and willingness to compete never dropped and summed up the spirit of the group. We took a narrow lead into the final term but just couldn't hold on in the closing stages. While the result was disappointing, there was no questioning the effort. Every player left nothing out on the field, and that's something the group should be incredibly proud of. A big thank you to Brad for stepping in to assist with the coaching. Your support was greatly appreciated. We're showing great improvement each week, and after coming off the break we were really pleased with the way the boys responded. If we continue to bring this level of effort and commitment, the results will come. Well Done Boys.

MATCH REPORT

The Under 16 Comets returned from the mid-season break to take on rivals St Peter's/St Paul's, with the boys eager to get back on the field. Their energy and intent were evident from the opening bounce, as they brought great intensity and effort throughout the early stages of the game. We controlled territory for much of the first quarter and, while our finishing in front of goal wasn't as accurate as we would have liked, we had clearly won the battle for field position and created plenty of opportunities. Our best football came in the third quarter as we kicked to the scoring end. Once again, we weren't able to fully capitalise on our dominance, but we continued to generate repeat inside-50 entries and built a three-goal lead heading into the final term. Throughout the week, the boys had focused on game scenarios—specifically how to respond when leading by two goals or trailing by two goals. This match presented our first real opportunity to put those learnings into practice, with a challenging final quarter ahead that would test our composure, decision-making and ability to execute under pressure. In the final quarter, St Peter's/St Paul's gradually wore down the three-goal advantage we had built by the final break. Their pressure and intensity lifted, while we weren't quite able to execute the situational play we had worked on during the week. When protecting a narrow lead late in games, it's important that we continue to gain territory and create scoring opportunities while minimising unnecessary risk. On reflection, we probably tried to move the ball a little too quickly at times, which invited pressure and led to costly turnovers. It was a disappointing result, eventually going down by six points to a very strong opposition. However, the performance also highlighted the significant growth of this group. The first time we played St Peter's/St Paul's last season, we were beaten by 10 goals. To push one of the competition's benchmark teams right to the final siren is a credit to the commitment and development of every player. Our captain finished the game with three goals while making an impact all over the ground. Whether it was through the midfield or inside the forward line, he consistently put himself in the right positions and was always there for his teammates whenever he was needed. Zev was outstanding once again, showcasing his trademark work rate by running hard both ways all day. He also hit the scoreboard and nearly gave us the chance to reclaim the lead after our opponents kicked a late goal. Liam produced one of his cleanest games of the season. He rarely fumbled the ball, remained composed under pressure and repeatedly initiated our ball movement by winning possession in tight contests. Noach continued his outstanding form. His composure with the ball and excellent foot skills allowed him to

MATCH REPORT

Coming off the school holiday period, the boys faced their toughest test of the year, the undefeated ladder leaders, East Sandringham. Both teams knew this would be a precursor to finals, and the intensity early matched that. The first quarter was a very tight affair that saw strong defensive play from Dean Waters, Oz Eckstein, Josh Fixler and Oren Davis hold East Sandy to just 2 goals. East Sandy's forward line is a 1 man show, with #27 being targeted all day long and our defensive unit battling to contain him. Unfortunately, we couldn't capitalise on this good work as we struggled to transition the football, bombing it down the line and providing easy intercepts to East Sandy. We went into the first change down 16 points and spoke about the necessity to look wide and take the shorter kicks when they were on as a counter to East Sandy's height. The second period proved to everyone that when we can play our game, it is incredibly hard to stop. A great chain play involving at least 5 different players saw the ball flow from half back and straight through for a goal kicked by Toby Vogel. We battled to keep that style of football alive; however, some unfortunate skill errors allowed East Sandy to pounce, pushing the lead to 4 goals at half time. Midfielders Nadav Rachmani, Eyal Berry and Zac Linnow worked fiercely throughout the entire second period as we went contest to contest with East Sandy. At halftime, the boys knew work needed to be done if we wanted to pull ourselves back into the contest. Discussions around the best way to handle East Sandy's #27 and some of their running halfbacks led to us feeling more confident in how to overturn another halftime deficit. AJAX managed to snag the first goal in the 3rd off the boot of Eyal Berry, who slotted a beautiful on-the-run goal. Sadly, this hunger quickly wore off, and the boys lost their way for 10 minutes in the 3rd, allowing East Sandy to kick a quick 4 goals, dragging the game further out of our reach by 3QT, where we trailed by 7 goals. The magnets were swung around in the last quarter with Aaron Raymon going into the ruck to continue his elite form, while Jordan Ritterman moved forward and proved he can be a big target up forward when needed, snagging a goal in the process. The same holds for Josh Fixler, who stepped up by playing forward in the last quarter and kicked a great goal to show for it. Finally, Hugo Waisman's crafty forward abilities allowed him to get a goal through congestion right on the line. All in all, we were shown how the best team does it today, and it highlighted our need to continue playing 4-quarter games and not trying to beat teams with just 1 half of football. We move on to Ormond next week with another grudge

MATCH REPORT

The Rockets had a gallant defeat against Ormond. The game started off very lopsided with Ajax conceding the first 7 goals of the game. However the boys won the second-half by 3 goals showing the mental strength of the team. Our co-captains stood up, with a best-on-ground performance to Sam Azoulay leading the midfield group and being one of only a handful to put in a 4-quarter performance. Toby Gelbart was right behind him with one of his best games of the year, saving us on the last line of defence time and time again. Oli Rose was very important kicking our first 2 majors of the game, whilst Adam Parasol played his best game for the season in a new HF / Wing role, unlucky to not get on the end of a couple majors. Mid-season pickup Grant Freeman continues to impress and has well and truly cemented himself as one of our top liners and the development of his kicking from serviceable to elite has been a pleasure to watch. Ari younger and Archie Kalb gave us a few of the highlights of the year with Ari giving off one of the hardest shepherds / bumps and Archie Kalb with 2 inspiring chase-down tackles that were the catalyst for the intensity shift in the second half. It was Noah Pendergast's best game of the season being a consistent neutraliser in the air, whilst Ethan Millman had a really impressive second-half in the midfield proving that he can be relied upon in there. A bitter taste is left, due to us knowing that we are good enough to compete against the best if we can do it for 4 quarters, however an overall influx of belief has been instilled.

Beaumaris U17.5 Boys
SHARKS

81

12.9

MATCH REPORT

The Comets faced a strong Beaumaris outfit, which we expected coming into. While the scoreboard wasn't the result we were after, there was plenty to admire about the group's resilience. Beaumaris came out with great intensity and established an early lead, holding us scoreless in the opening term while kicking 5.1. To the boys' credit, they refused to let the game get away from them, responding with greater intent around the contest and steadily improving our ball movement as the match progressed. Our second half was a reflection of the standards we expect from ourselves. After trailing by 50 points at the main break, the group continued to compete, matching Beaumaris' effort for long periods and finishing with four goals after half-time. The players showed great character by continuing to work for one another until the final siren, creating more opportunities inside forward 50 and applying stronger defensive pressure across the ground. There are still areas we'll continue to improve, particularly our starts, contest work and ball use under pressure, but the effort and commitment shown throughout the second half gives us plenty to build on heading into the coming weeks.

MATCH REPORT

A fantastic team performance saw us come away with a well-deserved win on our home deck. It was a great day for footy, and the girls made the most of every opportunity, converting well inside our forward 50 while working hard defensively to keep our opposition to just a few goals. This win was built on genuine teamwork, with every player contributing in their role. It all started with a strong training session during the week, where we had great numbers and intensity, and it showed out on the field. Gypsy and Ruby provided plenty of drive off half-back, using the ball with great composure and creating important run through the middle of the ground. It was fantastic to have Mierav back for her first game, and we certainly missed her presence around the contest alongside Annabelle, who both worked tirelessly through the midfield. Sienna's hard running on the wing created countless opportunities going forward, allowing Lily to bring the ball to ground and create strong contests. Up forward, Mish and Mia made the most of their chances, capitalising on the opportunities created by the team. A brilliant all-round effort from the group, and one we can all be proud of. Hopefully we can take this momentum into next week.
