Round 7

U8 - ROCKETS

VS

**East Malvern U8 Mixed
ANSWERTH**

COACHES CORNER

"Special four quarter performance!"

MATCH REPORT

It started as a drizzling and misty Sunday morning down at Basil Reserve, the boys arrived excited and prepared to take on Knights. The first quarter was a battle as the wet conditions made it difficult at times, our backs stood firm and the run down goal saving tackles drew a massive cheer from the Ajax crowd. The second quarter started with a bang as the midfield were getting their hands on the ball first, moving it quickly and giving our forwards the best opportunity to convert – and that they did! At half time we had time to reset - there was a real focus on giving a four quarter performance. The third quarter was similar to the second, as the midfield again provided our forwards with every opportunity in front of goal – it was great to see them stand up and deliver. The last quarter was most pleasing as the boys continued to share the ball around, link up and score some excellent team goals. The Rockets delivered a special four quarter performance they should all be very proud of. Rest up this weekend - we are back at Princes Park in a couple of weeks!

U8 - SHARKS

VS

**East Sandringham
Zebras U8 Mixed
GOODINGHAM**

COACHES CORNER

MATCH REPORT

Round 7 saw the Sharks take on a strong Sandringham Zebras outfit in another enjoyable morning of footy. The boys took a little time to work their way into the game, but as the match progressed their confidence and intensity continued to build. By the second half, the Sharks were really starting to find their rhythm. The pressure around the contest lifted, and the boys began winning more of the ball and driving it forward. The highlight was undoubtedly the final quarter, where our forward pressure was outstanding. Time and time again, the boys locked the ball inside our attacking half and gave themselves plenty of opportunities. While we weren't able to fully capitalise on the scoreboard, the effort and determination shown by the team was fantastic to see. The way the boys finished the game left everyone feeling that, with another 5-10 minutes on the clock, we really could have done some serious damage on the scoreboard. Most importantly, the Sharks never stopped competing and continued to apply pressure right until the final siren. It was a great way to finish the match and a strong reminder of how much the team continues to improve each week.

LITTLE SAINTS BURKE

COACHES: ELI ADELIST, DAN SWART

U8 - STARS

VS

**Murrumbeena U8 Mixed
LIONS**

COACHES CORNER

"Support each other and play
as a team"

MATCH REPORT

Whilst it was a cold and rainy morning at Murrumbeena, the weather did nothing to dampen the spirit of all the boys. They played with enthusiasm and determination which saw them have a fun and positive time out there. The boys did really well to win the ball in the middle of the ground and create goal scoring opportunities. Hopefully next week we can take advantage and turn those chances into goals rather than behinds. It's been a great first half of the season so far and we can't wait to come back refreshed and ready to go after the Kings birthday bye. Go Stars!

U9 - ROCKETS

VS

**E Brighton Vampires U9
Mixed PENNO**

COACHES CORNER

**"The pressure this week
could have blown the roof off
a house. Well done Rockets!"**

MATCH REPORT

U9 Rockets Weekly Wrap – Rockets vs East Brighton Vampires
The U9 Rockets travelled to Hurlingham Park this week to take on East Brighton Vampires, with Lockshin and Chehab doing a fantastic job leading the team as captains for the day. The Vampires had the advantage of a strong breeze in the opening quarter and were able to kick three unanswered goals. Despite the challenging start, the Rockets never dropped their heads. Appel, Kahn and Weinberg worked hard around the contest, while Hoppe and Maxy Lewis showed great determination to keep competing and chasing every ball. The second quarter saw a tremendous response from the Rockets. The pressure lifted across the ground and the boys managed to keep the Vampires goalless for the term. Kramer and Katz were relentless in their efforts, while Petrichenko and Molnar attacked every contest with plenty of courage. The momentum had shifted, and the Rockets were right back in the game. From there, it was goal-for-goal and an incredibly even contest. Chehab led from the front with his attack on the footy, while Lockshin provided great encouragement and leadership around the ground. Sawicki Hirsh and Lewski worked tirelessly to create opportunities for their teammates, and Skurnik continued to put himself in the right positions when the team needed him most. The tackling and pressure throughout the day were simply outstanding. Every Rocket contributed to making life difficult for the opposition. A special mention goes to Siegel, who produced the tackle of the day with a huge effort that had teammates, coaches and spectators cheering from the sidelines. It was the perfect example of the commitment and toughness shown by the entire group. Zippy #4 (Glasberg) just kept running all day, working hard both offensively and defensively and never giving his opponent a moment to relax. Alongside him, Sussman and Vardi continued to battle hard at every contest and helped maintain the team's intensity right through to the final siren. The coaches were incredibly proud of the resilience shown by the whole team. After a tough first quarter, the Rockets rallied together, supported one another and fought hard for every possession. More importantly, they played as a team, demonstrating great sportsmanship and determination throughout the day. Another incredible team performance. Go Rockets!

U9 - SHARKS

VS

**Hampton Rovers U9
Mixed GREEN**

COACHES CORNER

MATCH REPORT

The Sharks were back at their home away from home at East Caulfield, this time taking on the Hampton Rovers under a light drizzle that did nothing to dampen the mood or the performance. Week after week this group continues to improve, and today was yet another reminder of just how far this team has come. The conditions were familiar, the intent was unmistakable, and the Sharks were ready. The tackling pressure was, once again, at a level that is becoming the trademark of this team — fierce, relentless, and sustained from the first bounce to the last. What's equally impressive is the consistency being shown across all four quarters. There are no soft patches, no drifting in and out — just four quarters of committed, hard-nosed footy that keeps opposition teams under constant pressure. The final quarter deserves a special mention. With Hampton throwing everything at us in search of a result, the defensive effort was nothing short of unbelievable. Mark after mark was taken, repelling wave after wave of attack with composure and courage that belied the age of this group. It was the kind of defensive stand that wins games, and the boys delivered it when it mattered most. Once the Sharks got their hands on the ball, they were equally dangerous — playing on quickly and moving it with purpose and confidence. Another sensational performance from a group that simply refuses to stop growing. The belief in this team is sky high, and with good reason. See you next week, Sharks!

U9 - STARS

VS

**St Pauls Doggies U9
Mixed JOHNSTON /
WISCHUSEN**

COACHES CORNER

"Stop focussing on the
oranges - focus on the
coach!"

MATCH REPORT

The AJAX Stars once again produced their best football of the season on the weekend, downing the St Pauls Dogs in an entertaining U9 encounter that showcased everything to love about junior footy. The Stars wasted no time stamping their authority on the contest, slamming home three goals in the opening quarter to set the tempo early. Their fast start was built on relentless effort — the boys tackled hard, kicked long, and played with a flair and enthusiasm that lifted the whole team. To their credit, the St Pauls Dogs refused to lie down. They responded with a few goals of their own and kept battling throughout, ensuring the Stars could never get too comfortable. But every time the Dogs threatened to swing the momentum, the AJAX defence and mids stood up, giving their forwards the platform to keep scoring. It was a complete four-quarter performance from the Stars, who never dropped their intensity from the first bounce to the final siren. Backing up a strong showing the week before, AJAX have now strung together two excellent weeks of football and are clearly building genuine momentum as the season rolls on. Particularly encouraging was seeing the Stars implement skills and strategies practised on Thursday at training. A terrific team effort!

PRIEST

COACHES: LANI SALOMONOVITCH, LEETAL SALOMONOVITCH, LILLY LEWIS

U10 GIRLS - JACKETTES

VS

**East Malvern U10 Girls
EVA**

COACHES CORNER

MATCH REPORT

The girls played a fantastic game of footy today and should be incredibly proud of themselves. We knew this game wouldn't be easy, but the girls arrived prepared, full of energy, and ready to play. Throughout the game, they showed great determination, laying strong tackles, putting in repeat efforts, and never giving up on a contest. Their handpassing and teamwork were outstanding, with the girls looking for each other, backing each other up, using the space well, and staying accountable to their opponents. It was particularly pleasing to see how well the girls took on feedback between quarters and applied it straight away on the field. They continued to adapt and improve as the game went on. Most importantly, the girls played as a team. They supported one another, celebrated each other's successes, and played for each other rather than as individuals. Their effort, resilience, and team first attitude were on display from start to finish. It has been wonderful to watch this group continue to improve each week. Their skills, confidence, and understanding of the game keep growing, while their enthusiasm and love for footy remain as strong as ever. Well done, girls! Keep working hard, supporting one another, and enjoying your footy!

U10 - ROCKETS

VS

**Caulfield Bears U10
Mixed RAYNER**

COACHES CORNER

**"You can't control the wind,
but you can control the
energy you bring!"**

MATCH REPORT

The Ajax U10 Rockets took on the Caulfield Bears in Round 7 in what proved to be an exciting contest shaped by a strong breeze and two evenly matched teams. The Rockets came out firing, inspired by the pre-game words of co-captains Jolson and Frid. Jolson led from the front with his trademark intent, ducking and weaving his way through traffic, while Frid attacked everything in his path. Gerber produced a complete four-quarter performance, making his presence felt through the midfield and in defence. With the wind at their backs in the opening term, the Rockets made the most of their opportunities. Krampel worked hard through the midfield, while Scher produced a crucial defensive effort to save a certain goal. Michaels and Nudel were both rewarded for their strong tackling and relentless pressure with well-earned goals as the Rockets seized the early momentum. The breeze swung the game in the second quarter and the Bears responded. Gelman laid an important tackle in defence, Snyder battled hard through the midfield, and Weinberg used his pace to outrun opponents and drive the ball forward. The Rockets entered the main break holding a narrow advantage, knowing the challenge was far from over. Mittelman was prominent through the midfield in the third term, laying strong tackles and dancing around opponents. In defence, Tyser took a strong mark before showing desperation and courage to save a certain goal. The wind and the height of the Bears became a significant challenge in the final quarter. The Rockets' defence was placed under sustained pressure but refused to yield easily. New provided composure across half back, while teammates continued to compete strongly. Despite glimpses of exciting run-and-carry football, including a silky passage of play initiated by Carp, the Bears were able to edge ahead late. Although the Bears finished strongly, the Rockets never stopped competing. There were plenty of positives to take from the contest, with strong contributions across the ground and another valuable opportunity to test themselves against quality opposition.

HARVEY

COACHES: JOSH FRYDENBERG, MARK BENKEL, ELIOT SILMAN

U10 - SHARKS

VS

**Pahran JFC U10 Mixed
TAYLOR**

COACHES CORNER

MATCH REPORT

On a crisp and cool day the sharks played Pahran at East Caulfield East reserve. The Sharks coming off a strong performance last week against Cheltenham were eager to please in the first quarter repelling many Pahran attacks. Under the captaincy of Fried and Brand the players put their bodies over the ball, smothering and tackling and getting off the quick handball. Gestetner and Kirschenbaum were handy while Snow and Benkel found space on the wings. Wibawa bought dash and there were a couple of special passages of play where the two Sonny's Lipp and Gomo combined with Jankie to move the ball forward. Particularly noteworthy as this was in addition to Gomo's solid effort tagging Pahran's best player. There was a big wind all day which made conditions difficult but Silman, Freilich and Wajsman who all spent time in ruck were terrific muscling up to the opposition. The Binstocks Noah and Josh both quick thinking, talented players created chances for the forwards while Barber kicked long and true when he got the ball. Segal and Frydenberg were characteristically committed tackling hard and working overtime down back. Kollner and Marcus were great contributors too and real team men happy to play in all parts of the ground. Special shout to Fried for his last quarter as he brought his class around goal kicking two big ones with the wind and going close on a couple of others. All in all another great effort against a tough team with the players improving with the every hit out which saw them more than deserve this week's post match team meal at the Pita man.

HUDGHTON

COACHES: WILL FEUTRILL, MICHAEL LIPSON, JASON BLANKFIELD

U10 - STARS

VS

**St Kilda City JFC U10
Mixed OCKLESHAW**

COACHES CORNER

**"The effort will deliver the
results"**

MATCH REPORT

Sunday saw the Stars return to windy Elwood for a return clash against St Kilda City. What ensued was a tight tussle fought right to the end. The first saw Klinger, Blankfield and E Goldberg continually repel City's forward 50 entries and keep the stars from conceding too many goals early while Schwartz and Grynberg tried valiantly to wrestle momentum in the midfield. Up forward, Feutrill found a new affection for ruck craft while Lewis and Joseph did their best to keep the ball from exiting our 50. The second saw Siton, Perlman and Sahar get on top in the midfield and Lipson the willing recipient of regular forays forward with a crafty goal following a chase down tackle Kozzi would be proud of. Captain Jack Spektor was tight in defence with A Goldberg proving to be a solid target up forward, we went into half time with a bit of momentum having won the quarter. In the third, the arm wrestle continued, Korbl showed strength in the midfield but it was up forward that we saw the now customary toughness and determination of J Goldberg and Rubinstien to lock the ball in to make it difficult for City to move it cleanly. Dreyfus in backline again showed sublime foot skills while C Goldberg tackled hard. We started the final term brightly with Chaiton finishing off some beautiful team work with a checkside goal, but unfortunately that was the last major we kicked with the bigger St Kilda boys finishing off strongly. But the pleasing thing was the effort of the Stars never dimmed and we ran out the game to the last minute.

MATCH REPORT

Returning to our ‘castle’ at Princes Park, the Rockets were raring to also return to our winning ways from earlier in the season. It wasn’t going to be about tactics today. Rather the focus was ‘team first,’ positive energy, playing your role and 4 quarters of focus. The opposition coach said at the end of the game that the Colts just couldn’t get their game going. They were ‘fumbly’ he said. Of course they were! Relentless pressure will do that to a team. And that’s exactly what our Rockets brought today. Borowski led from the front, bursting out of packs with his clean handling and foot speed (despite a heavy tag). The forwards made the most of the opportunities too, with Golshtein, Newstadt and Grosman all scoring multiple goals across the game. While the game wasn’t the prettiest, our ferocity at the contest and our tackling was first rate. The midfield brigade was creative, with Janovic embracing his second week of captaincy bringing defensive pressure and class with the ball. Lipshutz and Israel both competed hard aerially against much taller opponents, while Latowicz shouldered a lot of the ruck duties. Borowski and Janovic were the first to don the captains jerseys for a second time and it won’t be their last on this display. Coaches were after individuals who would set the standards for the team, lead on field, play their role and promote team first attitudes. Well done on delivering against each of those markers, which helped lift the team to a really solid win and set the tone for the rest of the season.

MAJMAN, PARKER

RAMLER, EDEN

MATCH REPORT

At a pumping Princes Park, an undermanned Sharks took to the field to take on Murrumbeena. Rousing pre-game speeches from captains Jamie Shulman and Ashi Gavrieli had the Sharks champing at the bit ready to go, and when the first siren sounded, the Sharks were looking lively, our midfield getting the upper hand early. Despite the early clearance dominance led by new-look ruckman Herbst, we couldn't manage to convert on the scoreboard, and when the ball came the other way, some costly lapses in defence saw us give away 3 cheap goals in the first quarter. Defensive structures tightened up after quarter time and the game became an arm-wrestle. Aggression at the contest lifted, the boys started to run for each other and link up through the corridor, and we started peppering the goals. Lamm and Gabizon were fierce in the middle, and Kowadlo and Ramler provided creativity and poise on the outside. Captain Shulman, a General in defence, once again was solid on the goal-line, whilst captain Gavrieli lurked dangerously at full-forward. With the Sharks looking daring again and confidence starting to build, it looked like the second half was going to belong to us, and if not for a bad bounce here or a minor fumble there, the result might have looked different. Second half bursts from Holcdorf, Golshevsky and Majman kept us in the game, but ultimately we couldn't claw back the first quarter deficit. Overall a pretty solid game, but we take our learnings – even 5 minute lapses in defence can cost a game.

MATCH REPORT

At last. After weeks of learning, improving, tackling, chasing, competing and believing, the Stars broke through for their first win of the season against St Bede's Mentone. And what a performance it was. From the opening bounce, the Stars were switched on. The pressure was fierce, the tackling relentless and the chasing outstanding. Every player seemed to have arrived with the same idea: compete first, ask questions later. The Stars controlled play early, kicking 1 goal 1 behind in the opening quarter and taking a deserved lead into the first break. The second quarter was arguably the best football the Stars have played all season. The pressure continued, the ball movement improved and the reward followed. Four goals to one point saw the Stars open up a 24-point halftime lead and leave the coaches wondering if the penny had finally dropped. Most pleasing of all was what happened after halftime. In previous weeks, the third quarter had often been our challenge. Not today. The Stars came out with the same intensity, kicking another two goals while holding St Bede's scoreless. At three-quarter time the margin had stretched to 41 points to 3, and confidence was growing around the ground. The final quarter saw the boys understandably take the foot slightly off the pedal, but the result was never seriously threatened. The Stars were brilliantly led by captains Jamie Ritterman and Freddie Pollack. Jamie was a constant presence up forward, controlling the attacking end, providing a target and helping keep the ball locked inside the Stars' forward half for much of the day. At the other end, Freddie helped marshal the backline superbly, organising teammates, applying pressure and ensuring St Bede's opportunities were few and far between. The ball wasn't just living in our forward line for much of the day - by the final siren it was beginning to decompose. More importantly, this win was built on something bigger than the scoreboard. It was built on effort. It was built on teamwork. It was built on resilience. The boys trusted the game plan, trusted each other and kept turning up each week despite some tough results along the way. The smiles after the game said it all. The Stars didn't just win a game. They earned it. Go Stars. P.S. Funny thing about development - sometimes it takes a little longer than a scoreboard.

MATCH REPORT

Sometimes you worry about the opposition, sometimes you worry about your own team. With 3 Batmitzvahs, State Trials, and a Scopus weekend retreat for mothers & daughters, the coaches spent the week worrying if we could field a team. However, need not worry, these Jackettes are committed. Ten minutes before the first bounce the girls rocked in, dressed like they had come straight from the dance floor. Henna tattoos, acrylic nails, husky voices, the girls wanted to keep the party vibe going. They spent the prior night dazzling the boys on the dancefloor, only to dazzle the opposition girls on the field during the game. They bounced. They ran. They snapped. They were doing party tricks. But these girls also have grunt. Not only did we tackle, we tackled hard. Layla, Erica, and Scarlett bulldozed their way through the opposition. Mila C was upset her dad got the time of the game wrong and took her frustration out on the opposition players. She harassed them. She monstered them. She smashed them in the ruck. Whilst the ball was camped in our forward half for most, our backs maintained their structure and kept the opposition scoreless for 3 quarters. Despite few opportunities, Minnie was excellent down back. If only her Collingwood idols were as desperate as her they may have pinched a win the night before. All week the news had mentioned there was a weather warning on the horizon. Whilst it was forecast it hit the west, it hit the Knights instead with Snow and Sunshine smashing through 2 great goals. When the final siren blew, we gave three cheers for the Goldberg, Susman, and Broder families who celebrated a simach of their daughters Bat Mitzvah. They may have asked for donations, but the Jackettes gave them a win instead.

MATCH REPORT

A delight to be back at our spiritual home at Princes Park - albeit as the away team, in a white clash strip against the in-form Jets. Kicking with the four goal wind in the first quarter, our boys got away to a nice start, playing efficient football and pumping the ball in long per instruction. Against the breeze in the second, the Jets made hay and kicked away to a nice lead. Eckstein however looked very comfortable deep in defence as the ball came in time after time. Berry was doing nicely on the dangerous Raksin, and the Weinstein-Dickman duel was typically dogged and competitive. With the wind in the third the boys relied on it to do more of the work and we lost our contested mindset allowing the Jets to break even in the quarter. The coaches pleaded for sustained effort and contest in the last quarter against the breeze and the Falcons delivered their best quarter for the season. Sochen did everything he could in the ruck. Weinstein in his 50th game turned it on from the middle and had a purple patch kicking four last quarter goals and literally lifting his teammates on his back. With the herculean effort, the boys came close to overcoming the large deficit but were just pipped by the siren ending one hell of a tussle. The game between mates was played in amazing spirit and we cannot wait to our next encounter later in the season.

MATCH REPORT

The Ajax U12 Jets claimed local bragging rights with a hard-fought victory over arch rivals the Ajax Falcons in their first-ever match at Princes Park. Despite the excitement of the occasion, the Jets began in familiar fashion, looking a little laconic and half-asleep as the Falcons seized the early momentum. With energy levels needing a lift, it was Raksin who sparked his teammates into action, producing a trademark run and bounce through the middle before finishing with a late first-quarter goal to keep the Jets within striking distance. The second quarter proved decisive. Shaking off some close attention and determined tagging from the Falcons, the Jets exploded into life with five goals for the term. Mac began his goal-scoring masterclass with two clever snaps, while Ollie thrilled the crowd with a trademark burst through traffic before snapping truly. Slade-Jacobson was also instrumental in the second quarter onslaught, with his best goal kicked after shrugging off a tackle and then kicking a long bang from almost 40m out. The Jets' relentless pressure and ball movement suddenly had the Falcons on the back foot. The Falcons refused to go away, but Mac went into beast mode during the third quarter, adding another major and continuing to torment the opposition defence. Falcons coaches Wisser and Michaels were clearly rattled and didn't know how to shut him down. Behind the ball, Epstein, Raleigh and Kramer were outstanding, repeatedly repelling Falcon attacks. Ong and Chester provided plenty of drive and run from defence, while Sloane asserted himself around the ground with a strong ruck performance. With victory seemingly secured, the Jets were already visualising the winning song when the Falcons slammed through three final-quarter goals to threaten an unlikely comeback. The Jets steadied when it mattered most, and fittingly it was Kramer who sealed the result with a smart snap for his first goal of the season, sparking a celebration for the ages and securing a memorable Jets victory.

MATCH REPORT

An underwhelming second half of football from the Comets saw them surrender what should have been a match-winning lead midway through the game, eventually going down by 8 points in a disappointing loss to East Brighton. The opposition took it right up to us all day in the contest, and unfortunately, we weren't able to consistently match their intensity. While we relied on some class and skilful play to build a lead early in the game, East Brighton were the side more willing to compete hard and hunt the footy from the first bounce. It was this relentless attack on the ball all day that eventually wore us down. We'll now go away, lick our wounds and, more importantly, learn the key lessons from this outing to ensure we don't find ourselves in a similar position again this season. One thing is for certain: this is a proud, committed group of footballers who will no doubt respond strongly after the break.

MATCH REPORT

The Falcons met a fast and highly skilled Bears line up, and much like in previous weeks a slow start cost us early goals and the momentum of the game. The boys improved the clearance work after half time and provided more scoring opportunities for our forwards. Lots of gut running and hard contested ball resulted in us getting the game back on level terms, and we managed to narrow the margin at half time. Inaccurate kicking costing us a couple of important goals and possibly the lead. Solid defensive work from Cohen, Goronstein, Dabschek and Klarnet limited the damage from lots of forward entries from the well drilled and undefeated Bears. The Falcs ended up going down by 34, but should be pleased with the pressure, intensity and quality of our ball movement. Landau, Gunn and Newman battled hard all day, as did runners Balter and Eckstein. The Falcs need to work on improved decision making with the ball, as too many easy turnovers give the ball back to the opposition. Go Falcs

MATCH REPORT

The Jets faced a tough challenge against SMDJFC Levy on Sunday morning, going down by 34 points. While the scoreboard wasn't in our favour, there were plenty of lessons to take from the game. We were able to generate several forward entries throughout the match, but couldn't make the most of our opportunities. Our effort around the ball and willingness to keep competing never dropped, and the boys continued to work hard right until the final siren. After the game, the question posed to the group was: "What would this team look like if everyone acted, trained, prepared and competed the way you do?" With no game this week, it's a great opportunity for the boys to reflect on that question. The challenge over the break is simple: come back ready to improve, ready to work hard, and ready to help make the team better. If every player can raise their standards, the results will take care of themselves.

MATCH REPORT

Hard fought win. It was a close game all day and after a very dissapointing start and some adjustments at HT, the boys were able to display a strong 3rd quarter, backed up by an even better 4th to pull away for the victory. Not a pretty game and far from our best but sometimes you need to win ugly and that's what we did. Job done.

MATCH REPORT

The Falcons took on St Paul's in a top of the table clash and walked away without the points, but with real belief that we can match it with the best. From start to finish, this game was played with a fierce competitiveness and real physicality. A few late goals to the opposition meant that the scoreboard did not accurately reflect the closeness of the game. Although we were unable to capitalise on our forward entries, we held our own in the middle and our backline stood tall. Quicker and deeper entries would have made life easier for our forwards, but clean ball was hard to come by for both teams as the pressure and intensity were high. There can be no questioning the effort of the team and it was really pleasing to see our players hunt the football and tackle ferociously. The two-way running from our mids was excellent and our kick-outs were much improved. We will continue to work on our ball movement, but it was a big tick for our contest work this week. It was also our best defensive game, with Koby playing a phenomenal game and Toby and Jackson scrapping hard. It was great to have Asher back and his leadership and toughness were on full display, with co-captain Jobe also leading from the front and playing his best game for the season. Judah, Benji and Rudy were manic in their attack on the ball, while Rafi E and Isaac contributed strongly. While it always hurts to lose, we will learn a lot from this game and we walk away really proud of the effort and performance and confident that we can beat this team later in the season. Go Falcons!

MATCH REPORT

The Ajax Jets finally broke through for their first win of the season, downing the East Brighton Vampires 37-29 in a gritty contest. The intensity and effort were on show from the very first bounce, and this was a complete four-quarter performance. This was a true team triumph, every player contributing and the connection across the ground led to some great team footy. The Jets ran, tackled and supported one another all day, and that collective belief carried them to a deserved win.

MATCH REPORT

This week the team welcomed back Benji Norton and Leo Rochman from injury for our match versus Prahran at Como Park. It was a hard fought contest and the team showed plenty of resilience throughout the day. In the opening quarter we started slow and the backline was under enormous pressure, but Charlie Burman, Levi Teperman and Miller Janover stood tall in defence and worked tirelessly to keep the team in the game at quarter time. The second quarter saw the Comets switch on and lift their intensity around the contest. Jake Davis and Blake Carew were winning plenty of the footy through the middle, giving AJAX some much needed drive. Jagger Jolson produced a highlight with a long-range set shot after winning a free kick, while Zach Bude finished brilliantly with two goals by being in the right place at the right time. Eli Grant also brought great pressure and tackling in the forward line. We started the third quarter 3 points ahead and we had opportunities to take control but couldn't quite capitalise going forward. Noah Bensky and Charlie Burman were enormous in defence as Prahran continued to press. At three-quarter time, the margin was just three points down and the game was there to be won. Missed opportunities to link up through the middle and into the forward line proved costly in the final term, while Prahran used the ball efficiently under pressure and used the vast expanses of Como park more effectively. Despite the result, the boys never dropped their heads and fought the game right out to the end. Go Jackas!

MATCH REPORT

An exciting prospect for the Jets in Round 7, playing at Toorak Park against Prahran in what was seen as a very winnable game. Boosted by 2 new recruits in Xander and Noam, and against an opposition with only 15 players, the Jets took an early lead and never looked back. The Jets were relentless in the first half, not conceding a single goal and having 15 shots on goal to lead by 44 points. All players contributed and it eventuated in an 81 point win, a lovely birthday present for Elijah who slotted 2 goals. Elai was incredible off of half back, and despite getting tagged he absolutely tore through Prahran. Ollie Mittleman had a season best performance and Benji Mushin was also excellent. A season high 13 goals for the Jets, with an incredible 10 different goal scorers. Highlight of the day was Judah Wiseman slotting his first career goal, and slamming the ball out of the ground and onto the road. It was amazing for the Jets to secure a huge win ahead of the bye, and we are excited for our next match against South Melbourne

MATCH REPORT

The Under 15 Comets faced a tough challenge against St Kilda City/Port Melbourne Colts on the weekend. With several key players unavailable through injury, the opposition proved too strong on the day, particularly in the first half where they established a significant lead. To the boys' credit, the response after half time was outstanding. The Comets showed plenty of fight and determination, competing much more strongly in the second half and refusing to let the game slip away without a contest. Despite finishing the game a player short in the final quarter, the team continued to work hard and support one another right to the final siren. The backline was a standout, holding up under constant pressure and continuing to compete strongly throughout the match. The team now heads into a well-earned bye week, providing an opportunity to recover, regroup and hopefully welcome back some players as they prepare for the second half of the season. A disappointing result, but plenty of resilience and character on display from the Comets.

MATCH REPORT

With the sun rising almost in sync with the ball up, the first game of the day saw us return to home turf at Princes Park to take on Round 1 rivals St Kilda City Port Melbourne. As predicted by Nadav's weather report, conditions were ideal. The group arrived focused, refreshed and ready to play, even the late-night A-listers. With substitute coaches Jimmy and Diesel sporting the bibs, there was extra motivation in the air as they looked to deliver a win for the Alford family in celebration of their wedding weekend. While the result didn't quite match the lofty ambitions, the performance itself was one of our strongest of the season. The pressure around the contest was outstanding, and the ball movement was arguably the best we've produced all year. It was a genuine team effort. Harley hammered through the midfield, providing drive around the ball. Nate Dawg unleashed himself on the contest, while Nossi notched up our opening goal. Not to be outdone, Reuben replied shortly after. Nadav's trademark physicality was on beast-mode and duly rewarded, while Orel stood tall in defence, giving the opposition the proverbial bird as he bolstered the backline. The game was tough, physical and fiercely contested throughout. Despite falling short on the scoreboard, the effort, pressure and commitment from the Jets were impossible to question. A well-earned bye awaits over the King's Birthday weekend before we regroup and attack the next challenge. Plenty of positives to build on.

MATCH REPORT

Our boys came up against Prahran, a side we've had plenty of big battles with in recent years. The Comets jumped out of the blocks early, piling on five goals to one in the opening quarter. Converting our opportunities was always going to be important in what is often a low-scoring arm wrestle against Prahran. Rocky started strongly and proved difficult for the opposition to handle. His strong hands and marking inside 50 were a feature all day, finishing with three goals. We held firm in an extended second quarter. Prahran had plenty of opportunities but failed to fully capitalise on the wind advantage. Our backline was reliable once again. Rooster's positioning allowed him to consistently mark or spoil inside 50, while Noach continued his outstanding form with quick decision-making and intercept marks. Zac Sheff played an important role on the small forwards and later shut down Prahran's most dangerous player. Jessie has provided great leadership since moving into defence and continues to build into the season. It was pleasing to see him take the game on with his run and carry while making smart decisions with the ball. The third quarter was an area for improvement. We created plenty of opportunities to transition the ball but at times overused it and lacked certainty with our movement. The boys have shown all season that their best football comes when they trust their instincts, move the ball through the corridor and work hard to support each other. We'll continue to build on this as we approach the midpoint of the season. The boys kicked some important goals early in the final quarter to extend the lead to a comfortable margin. They have been excellent at closing out games, using the boundary wisely and avoiding unnecessary risks when ahead. They did this again and ran out 22-point winners. Sonny spent time in the ruck but once again patrolled the middle of the ground, providing a strong target and great options around the contest. The boys have worked hard to earn their 3-0 start to the season. A lot of effort has gone into this group, stretching back to last year. It is important that we remain hungry, humble and connected as we continue to build through 2026. Next week presents a great challenge, with the competition's two undefeated teams facing off. We know the level required and the boys will give everything to bring home the win. Congratulations to Zev on his 100th game. He has had a terrific season on the wing, providing drive inside 50 and helping out in defence. Keep running hard both ways, Zev!

MATCH REPORT

A famous victory that showcased the grit and determination of this team. The boys came out this week, determined to turn a page on the season, leaving behind close losses and making sure that the division does not take them lightly. They delivered on that early, dominating the first 10 minutes of play, with the ball locked into our forward 50, and a few missed shots early eventually turned into a critical opening goal. Ormond struck back by capitalising on a slip in our defensive structure, which saw them get out the back and run into an open goal. A masterclass of an opening term from Omer Getz and Eyal Berry saw us take a 4-point lead into the first change. The second quarter continued to be a back-and-forth contest with Zac Feldman, Hugo Kolliner, Jake Wood and Noah Sherr working beautifully up forward to create opportunities, with Feldman and Sherr being rewarded throughout the game with a goal each. Dean Waters was a commanding force down back as per usual, along with important efforts from Aaron Scharf, Seth Segal and Yeshaya Goldberg, ensuring we held on to a shaky 1-goal lead at halftime. The intensity was taken up a notch in the 3rd quarter, with Ormond kicking 3 goals to 1 as we began reverting to poor habits of bombing it and rushing with the football, paying a costly price. Hugo Waisman returned from injury and despite still being hampered, was a vital asset up forward with a critical goal to show for it. Heading into the final change, down 7 points, we were presented an opportunity for redemption from last week, where we were down by 2 points going into the 4th, but couldn't get over the line. Ormond kicked the first, seeing them jump out to their largest lead of the game at 13 points, but led on by Jordan Suss (2 goals) and Zac Linnow (1 goal), AJAX fought all the way back, have a 4 point lead with 2 minutes left. Outstanding defensive smothers from Jordan Ritterman and Jaxon Siegel controlled the pace of the game for the last few minutes, true body on the line efforts from both of them. Ormond, however, managed to get a forward 50 entry with 30 seconds left in the game, with the umpire paying a holding the ball freekick in their favour, leading to a kick after the siren. With the game in Ormond's hands, everyone was forced to hold their breath as the ball left his boot, sailing left and fading just outside the goals for a point. An unreal, hard-fought victory that was well and truly earned by every single player today. The season is still young, and the team knows many things still need to be improved, but seeing the boys belt out the team song is a feeling that cannot be matched. Onto the big clash against the AJAX Jets in 2 weeks' time.

MATCH REPORT

The AJAX U17.5 Jets hosted Waverley Park at Princes Park for their second match of the home and away season. Coming into the game 0-1, the boys were fired up and well prepared to bounce back against a strong 2-0 Waverley Park team we had already played against in grading. From the start, it was evident the boys were hungry for a win. They were going harder at the footy, hitting targets and making the most of their opportunities in front of goal. This led us to a 4.6 30 - 0.0 0 lead at quarter time. In the huddle, the mindset didn't change, this was an opportunity for them to really show not only their fans, but themselves what a true 4 quarter performance looks like. They reset, started again and continued to dominate in all areas around the ground. Going into halftime, the boys had a healthy lead of 7.8 50 - 1.2 8. Again and again, the boys kept on pushing, no mercy at all for the whole game. It was the most complete game of footy they have played this year and it was nice to see all the work they put in at training come together so nicely. An amazing win from the boys getting the job done 17.13 115 vs 1.4 10. This sits the Jets in 3rd place at 1-1 with a percentage of 196%. This is the win the boys needed to kick start the year and the boys will be preparing extremely well over the next 2 weeks in preparation for the AJAX U17.5 Division 3 derby at Princes Park on the 14th of June.

MATCH REPORT

We faced a tough challenge against East Sandringham, going down by eight goals after being put on the back foot early in the contest. They came out firing and quickly established a significant lead in the opening stages. Despite our efforts to respond, East Sandringham maintained control throughout the day, preventing any meaningful comeback and ensuring the margin remained largely unchanged for the remainder of the match. There were still several strong individual performances for us. Caleb Dimant was outstanding in defence, doing an excellent job limiting the influence of East Sandringham's dangerous key forward. Unfortunately, his afternoon was cut short after suffering a hamstring injury, a disappointing end to what had been a terrific performance. Ari Younger was another standout, providing relentless drive through half-back and on the wing. While the scoreboard did not reflect the effort shown, we continued to compete hard and never stopped fighting. The group displayed plenty of grit and determination, but ultimately East Sandringham proved to be the stronger side on the day.

MATCH REPORT

Great win again for 17.5 Comets as they returned back home to Glen Huntly Park. Pahran came out with a competitive first half and put us to the wire with their contested game. Our pressure wasn't how up to standard and they took advantage, scoring off turnover in our forward 50. Putting on a short lead until half time before we came out strong in the third quarter with a dominant performance, maintaing posession and playing a front half game. Great momentum as we head into bye week and hopefully sets up for a strong backend of the season.
